# Reliable JN0-1103 Test Sample & JN0-1103 New Study Questions

Additionally, students can take multiple Juniper JN0-1103 exam questions, helping them to check and improve their performance. Three formats are prepared in such a way that by using them, candidates will feel confident and crack the Design - Associate (JNCIA-Design) (JN0-1103) actual exam. These three formats suit different preparation styles of JN0-1103 test takers.

By concluding quintessential points into Design - Associate (JNCIA-Design) practice materials, you can pass the exam with the least time while huge progress. Our experts are responsible to make in-depth research on the exams who contribute to growth of our JN0-1103 practice materials. Their highly accurate exam point can help you detect flaws on the review process and trigger your enthusiasm about the exam. What is more, JN0-1103 practice materials can fuel your speed and the professional backup can relieve you of stress of the challenge.

## Starting Your Juniper JN0-1103 Exam Preparation? Get the Right Direction Here

We take the leader position in the career of assisting the candidates in passing their JN0-1103 exams and gaining their dreaming certifications. On the way to be successful, a large number of the candidates feel upset or disturbed when they study with the books or other JN0-1103 Exam Materials. With our high pass rate as 98% to 100%, which is provided and tested by our worthy customers, you will be encouraged to overcome the lack of confidence and establish your determination to pass JN0-1103 exam.

## Juniper JN0-1103 Exam Syllabus Topics:

| Topic | Details |
|-------|---------|
|       |         |

| | |
|---|---|
| Topic 1 | • Customer Network Design Requirements: This section of the exam measures skills of Network Design Engineers and covers the foundational aspects of network design. It includes understanding Juniper's life-cycle service approach, defining proposal boundaries, and considerations for both greenfield and brownfield deployments. The section also addresses top-down network design methodologies and capacity planning to ensure scalable and efficient network infrastructures. |
| Topic 2 | • Network Management or Reliability: This section of the exam measures skills of Network Operations Center (NOC) Engineers and covers design considerations for ensuring business continuity. Topics include high-resiliency design, implementing link and device-level redundancy, and utilizing technologies like Multihomed Ethernet Segment Identifier Link Aggregation Groups (ESI LAGs) and virtual chassis. The section also explores Juniper SRX firewall redundancy and best practices for campus network redundancy. |
| Topic 3 | • Campus and Branch WAN Design: This section of the exam measures skills of WAN Solutions Architects and covers considerations for designing campus or branch WANs. It includes understanding WAN connectivity functions, best practices for WAN design, performance optimization, VPN design, and implementing high availability through active<br>• active and active<br>• passive configurations. The section also explores Software-Defined WAN (SD-WAN) design considerations, devices, assurance models, and intersite connectivity. |
| Topic 4 | • Data Center Network Design: This section of the exam measures skills of Data Center Network Engineers and covers considerations for general data center network design. Topics include data center design best practices, understanding traffic patterns, virtual chassis implementation, and environmental considerations. The section also delves into data center fabric architectures, benefits of IP fabric over traditional architectures, spine-and-leaf device placement, underlay and overlay design, routing protocol selection, and best practices for IP fabric scaling. |

# Juniper Design - Associate (JNCIA-Design) Sample Questions (Q102-Q107):

**NEW QUESTION # 102**
What are two characteristics of using the Virtual Chassis technology in the aggregation tier of a data center? (Choose two.)

- A. You cannot fully use all up-links from the access tier.
- B. You can fully use all up-links from the access tier.
- C. If reduces the control plane complexity.
- D. It increases the control plane complexity.

**Answer: B,C**

**NEW QUESTION # 103**
What are three industry best practices for configuration management? (Choose three.)

- A. Define a consistent device naming convention.
- B. Use descriptive fields in device configurations.
- C. Back up all of the configurations frequently.
- D. Use a central logging server.
- E. Use the rollback feature frequently.

**Answer: A,B,C**

**NEW QUESTION # 104**
Which two statements are true regarding chassis clustering? (Choose two.)

- A. The chassis cluster uses a control link between the two nodes.

- B. The chassis cluster must contain two identical MX Series devices.
- C. The chassis cluster must contain two identical SRX Series devices.
- D. The chassis cluster uses an FXP0 link between the two nodes.

**Answer: A,C**

## NEW QUESTION # 105
You are designing network connectivity into a mission critical site.
What are three design elements required to complete this design? (Choose three.)

- A. 802.11 wireless point-to-point
- B. redundant Internet border routers
- C. diverse entrance facilities
- D. DSL/cable modem service
- E. firewall cluster

**Answer: B,C,E**

## NEW QUESTION # 106
What should be the first item in your network design checklist?

- A. A process for selecting protocols, address schemes, and naming conventions.
- B. The steps for designing a network topology.
- C. A validation process for analyzing customer's existing environment.
- D. A process for understanding the customer's business and technical goals.

**Answer: D**

## NEW QUESTION # 107
......

There are many benefits both personally and professionally to having the JN0-1103 test certification. Higher salaries and extended career path options. The Juniper JN0-1103 test certification will make big difference in your life. Now, you may find the fast and efficiency way to get your JN0-1103 exam certification. Do not be afraid, the Juniper JN0-1103 will give you helps and directions. JN0-1103 questions & answers almost cover all the important points which will be occurred in the actual test. You just need to take little time to study and prepare, and passing the JN0-1103 actual test will be a little case.
