CISI UAE Financial Rules and Regulations Exam Sample Questions (Q26-Q31):

NEW QUESTION # 26

Which category of firm is required to provide accounts using a 'Unified Centralised Back Office System'?

- A. Category 2 - Dealing in investments

- B. Category 4 - Credit rating agencies
- **C. Category 3 - Custody, clearing and recording**
- D. Category 1 - Dealing in securities

Answer: C

Explanation:

Firms engaged in custody, clearing, and recording activities are required by UAE financial regulations to use a 'Unified Centralised Back Office System' to maintain and manage their accounts. This requirement is outlined in the CISI UAE Financial Rules and Regulations under Category 3 firms, which include those involved in custodial services, clearing, and recording of transactions. The centralized system ensures that these firms can manage large volumes of transaction data securely and efficiently while adhering to regulatory standards for reporting and transparency. It is designed to streamline operational processes and reduce risks related to errors, fraud, or data mismanagement.

NEW QUESTION # 27

When a company applies to become a Special Purpose Acquisition Company, its sponsors must prepare proposals to:

- **A. manage conflicts of interest**
- B. identify potential money laundering
- C. reduce the risk to investors
- D. deal with succession planning

Answer: A

Explanation:

Sponsors of companies applying to become Special Purpose Acquisition Companies (SPACs) in the UAE must prepare detailed proposals that specifically address the management of conflicts of interest. This is mandated under CISI UAE Financial Rules and Regulations to ensure that the SPAC's activities remain transparent and investors' interests are protected. Conflicts of interest may arise from the sponsors' dual roles or relationships with target companies or investors. Addressing these conflicts proactively through proposals and policies supports integrity and market confidence. While risk reduction and anti-money laundering are critical, the regulations explicitly highlight conflict management as a core area for SPAC sponsors.

NEW QUESTION # 28

An application submitted to the ADX by the brokerage company to enable it to supply E-Trading services will result in a decision to approve or reject the application within:

- **A. 5 days**
- B. 10 days
- C. 30 days
- D. 2 days

Answer: A

Explanation:

Brokerage firms seeking approval from the Abu Dhabi Securities Exchange (ADX) to offer E-Trading services are subject to a timely review process. According to the CISI UAE Financial Rules and Regulations, the ADX is required to make a decision to approve or reject such applications within 5 business days. This rapid response timeline ensures that brokers can efficiently begin offering E-Trading services to clients, which is crucial in today's fast-paced financial markets. By maintaining this short decision-making window, the ADX fosters an environment of operational efficiency and responsiveness, which supports both market development and investor confidence.

NEW QUESTION # 29

Why would a transaction to purchase securities be declared null and void?

- A. It was the result of a rumour being spread
- B. The investor has a conviction of an offence of dishonour
- C. The individual is a former employee
- D. The Authority has levied a penalty for delay of payment

Answer: A

Explanation:

A transaction to purchase securities could be declared null and void if it was the result of a rumour being spread. According to the CISI UAE Financial Rules and Regulations, transactions based on market manipulation, misinformation, or rumors that mislead investors and distort the market are considered invalid.

The integrity of the financial markets depends on transparency and the accuracy of the information that drives trading decisions. Therefore, if a transaction is found to have been influenced by rumors, it could be declared void to maintain fairness and prevent manipulative practices.

Reference: CISI UAE Financial Rules and Regulations - Market Manipulation and Invalid Transactions, Section 6.3.2 (2023).

NEW QUESTION # 30

The Board of a securities market wished to suspend a rule relating to the operations of that market, why was it unable to do so?

- A. The majority of the board was not present
- B. It failed to seek permission from the Authority
- C. A 30-day notice was not provided
- D. An Authority penalty was pending

Answer: B

Explanation:

When the Board of a securities market wishes to suspend a rule related to the market's operations, it must first obtain permission from the regulatory Authority. According to the CISI UAE Financial Rules and Regulations, if permission is not sought from the Authority before attempting to suspend the rule, the suspension request will not be valid. This requirement ensures that the Authority has oversight over the market's operational changes and can assess whether suspending the rule aligns with regulatory goals such as market stability, fairness, and transparency. This helps prevent arbitrary or inconsistent rule changes that might undermine investor confidence or disrupt the smooth functioning of the market.
