

WGU Introduction-to-Biology Exam Format & Introduction-to-Biology Test Pdf

WGU C190 - Introduction to Biology WGU - Unit 1: Modules 1 2 & 3 with Complete Solutions

Matter - ANSWER-Any substance that has mass and takes up space

2 classes of matter - ANSWER-biotic (living/have lived)
abiotic (nonliving/never alive)

The basic unit of matter - ANSWER-the atom

The atom is made up of: - ANSWER-a dense nucleus surrounded by electrons

Atoms join together and form: - ANSWER-molecules

Molecules consist of: - ANSWER-at least two atoms held together by a chemical bond

Macromolecules are: - ANSWER-biologically important molecules AKA polymers

Polymers are made by: - ANSWER-combining smaller units called monomers (simpler macromolecules)

Macromolecule example: - ANSWER-DNA (built of 4 kinds of monomers (nucleotides) strung together (polymerized) in a sequence that codes for structure of proteins and other bio molecules.)

Building blocks of a cell: - ANSWER-when macromolecules form a membrane-bound sphere

Two main types of cells: - ANSWER-prokaryotes and eukaryotes

Prokaryote characteristics: - ANSWER-small and simple, they do not have any clearly defined compartments inside of them

Eukaryote characteristics: - ANSWER-include membrane-bound organelles (can be complex)

Organelle characteristics: - ANSWER-compartments inside the cell that contain specific groups of macromolecules and carry out specific cellular functions (i.e. the nucleus which encloses DNA within the cell)

Microorganisms: - ANSWER-single-celled life forms

Our Introduction-to-Biology preparation torrent can keep pace with the digitized world by providing timely application. There are versions of Software and APP online, they can simulate the real exam environment. If you take good advantage of this Introduction-to-Biology practice materials character, you will not feel nervous when you deal with the Introduction-to-Biology Real Exam. Furthermore, they can be downloaded to all electronic devices so that you can have a rather modern study experience conveniently. Why not have a try on our Introduction-to-Biology exam questions?

For candidate who wants a better job through obtaining a certificate, passing the exam becomes significant. Our Introduction-to-Biology Study Materials will offer you a chance like this. Our Introduction-to-Biology study guide is known for the high quality and high accuracy. We are pass guarantee and money back guarantee for our customers. If you can get the certificate, you will have a better competitive power in the job market and have more opportunity.

Quiz 2026 WGU Introduction-to-Biology – Efficient Exam Format

In order to meet the demands of all customers, our company has a complete set of design, production and service quality guarantee system, the WGU Introduction to Biology (KBC1, C190) Exam test guide is perfect. We can promise that quality first, service upmost. If you buy the Introduction-to-Biology learning dumps from our company, we are glad to provide you with the high quality Introduction-to-Biology study question and the best service. The philosophy of our company is “quality is life, customer is god.” We

can promise that our company will provide all customers with the perfect quality guarantee system and sound management system. It is not necessary for you to have any worry about the quality and service of the Introduction-to-Biology learning dumps from our company. We can make sure that our company will be responsible for all customers. If you decide to buy the Introduction-to-Biology study question from our company, you will receive a lot beyond your imagination. So hurry to buy our products, it will not let you down.

WGU Introduction to Biology (KBC1, C190) Exam Sample Questions (Q79-Q84):

NEW QUESTION # 79

Caribou dig through snow to find food. Afterward, arctic foxes use the fresh holes to search for their own food. What interaction occurs?

- A. Commensalism
- B. Parasitism
- C. Competition
- D. Predation

Answer: A

NEW QUESTION # 80

A group of lions that preys on deer constitutes which ecological level?

- A. Ecosystem
- B. Community
- C. Population
- D. Biome

Answer: C

NEW QUESTION # 81

How is DNA organized during prophase, and why?

- A. Condensed, which makes it easier to move
- B. Uncondensed because it needs to move toward the poles
- C. Organized into paired chromatids to keep it lined up at the center
- D. Uncondensed because it needs to be lined up at the center

Answer: A

NEW QUESTION # 82

Cells use ATP to power muscle contraction. During contraction, ATP is converted to ADP and inorganic phosphate. What is happening to energy in this conversion?

- A. Energy is being released.
- B. Energy is being created.
- C. Energy is being destroyed.
- D. Energy is being stored.

Answer: A

NEW QUESTION # 83

The leopard seal is part of an Antarctic food web. It feeds on cod, which feed on small aquatic plants. Based on the energy transfer in the exhibit, how much energy does the leopard seal receive by feeding on cod?

- A. 600 KJ
- B. 540 KJ
- C. 60 KJ
- D. 5,400 KJ

Answer: A

NEW QUESTION # 84

.....

The Introduction-to-Biology software supports the MS operating system and can simulate the real test environment. In addition, the Introduction-to-Biology software has a variety of self-learning and self-assessment functions to test learning outcome, which will help you increase confidence to pass exam. The contents of the three versions are the same. Each of them neither limits the number of devices used or the number of users at the same time. You can choose according to your needs. Introduction-to-Biology Study Materials provide 365 days of free updates, you do not have to worry about what you missed.
