Salesforce Marketing Cloud Advanced Cross Channel Accredited Professional Sample Questions (Q41-Q46):

NEW QUESTION # 41

How often is the model refreshed for Einstein engagement frequency(uses 2Sday& data)-weekly

- A. Biweekly
- B. hourly
- C. monthly
- **D. daily**

Answer: D

Explanation:

* Model Refresh Frequency:

* Einstein Engagement Frequency's predictive model needs to be updated regularly to reflect the most recent engagement patterns.

* Daily Refresh:

* The EEF model is refreshed daily. This ensures that the send frequency recommendations are based on relatively up-to-date data.

* Why Not Other Options:

* A. Hourly: Hourly refresh would be computationally intensive and unnecessary, as engagement patterns don't change that rapidly.

* C. Monthly: Monthly refresh would be too infrequent, as the model's accuracy would degrade significantly over a month.

* D. Biweekly: Biweekly is also too infrequent to keep the model aligned with recent engagement trends.

In Summary:

The Einstein Engagement Frequency model is refreshed B. Daily to maintain accuracy.

NEW QUESTION # 42
