最新的 ASQ Certification CMQ-OE 免費考試真題 (Q379-Q384):

問題 #379

The following chart was developed by a team to conduct a SWOT analysis.

The S-O quadrant indicates the area where

- A. the company can develop a competitive advantage
- B. barriers need to be overcome in order to pursue opportunities
- **C. the company can use its strengths to reduce the impact of external threats**
- D. business factors can result in a loss of competitive advantage

答案： C

問題 #380

Situational leadership is applicable when:

- I. One approach does not meet every situation
- II. A new person on the job requires a lot of direction
- III. A new process has been introduced
- IV. The performer has mastered the task assigned

- A. II and III only
- B. III only
- C. IV only
- **D. I, II, III, and IV**

答案： D

問題 #381

To communicate effectively, managers must understand that their own culture is

- **A. not the only culture**
- B. the subordinate culture
- C. the dominant culture
- D. not relevant in the workplace

答案： A

解題說明：

Effective communication in a diverse workplace requires an understanding that there are multiple cultures at play. Managers should avoid assuming that their own cultural norms and communication styles are universally applicable. Instead, they should be open to learning about and respecting different cultural perspectives. Being culturally aware helps managers build stronger relationships, avoid misunderstandings, and promote a positive work environment.

問題 #382

A transportation company offers a discount to companies that complete a customer- satisfaction survey. The purpose of offering this kind of discount is to

- A. improve customer satisfaction levels
- B. improve the quality of the responses
- C. increase market share
- D. increase the response rate

答案： D

解題說明：

* Offering incentives, like discounts, is a common tactic to boost survey participation rates. This is the primary aim of such a strategy.

* While there's potential for improvement in customer satisfaction (A) and response quality (B), those are indirect benefits and not the main goal of the discount.

* Market share (C) is not directly impacted by an increased survey response rate, although insights from the survey might later influence strategies to increase market share.

問題 #383

Which of the following conclusions can be drawn from this table?

- A. Product reliability is important to the majority of customers.
- B. Nearly 40% of the customer calls were handled in a discourteous manner.
- C. Most customers have little interest in the response time for warranty claims
- D. Half of the customers believe the product costs too much.

答案： A

解題說明：

* Purpose and Role:

* The CMQ/OE leads and champions process improvement initiatives in various service and industrial settings.

* They focus on quality excellence and organizational improvement.

* Their responsibilities include establishing and monitoring customer/supplier relations, supporting strategic planning, and developing measurement systems.

* Experience Requirements:

* Candidates must have 10 years of on-the-job experience in one or more areas related to the CMQ/OE Body of Knowledge.

* Out of the 10 years, at least 5 years must be in a decision-making position. A decision-making position involves authority over projects/processes and responsibility for outcomes.

* Waivers for Educational Degrees:

* If a candidate holds a degree from an accredited college, university, or technical school, part of the 10-year experience requirement may be waived:

* Diploma from a technical or trade school: 1 year waived

* Associate's degree: 2 years waived

* Bachelor's degree: 4 years waived

* Master's or doctorate: 5 years waived

* CMQ/OE Exam:

* The CMQ/OE examination consists of multiple-choice questions that measure comprehension of the CMQ/OE Body of Knowledge.

* The exam is offered in English and has a total appointment time of 4.5 hours (exam time: 4 hours and 18 minutes).

* The passing score is based on the number of scored questions.

Certified Manager of Quality/Organizational Excellence (CMQ/OE) Conclusion Based on the Table (Without Viewing the Table): Since I cannot view the table directly, I cannot draw conclusions from it. However, if the table contains data related to product cost, product reliability, telephone courtesy, and response time for warranty claims, you should analyze the specific
