ITIL 4 Specialist: Create, Deliver and SupportExam 認定 ITIL-4-Specialist-Create-Deliver-and-Support 試験問題 (Q71-Q76):

質問 # 71

A service desk manager is creating a job profile for a service desk team lead. The following requirements have been identified:

Ability to use company processes and tools

Leadership skills

Knowledge of service desk objectives

What Is the MOST important additional requirement for the job profile?

- A. Technical knowledge of the supported products
- **B. Commitment to continual improvement**
- C. Knowledge of how to log incidents and service requests
- D. Experience of financial management

正解: B

解説:

A commitment to continual improvement is crucial for a service desk team lead to drive team performance, enhance service quality, and align with the organization's goals for ongoing development.

質問 # 72

Which statement about 'service integration as a service' is CORRECT?

- A. The service integrator provides services and manages other vendors
- B. The service integrator can be easily replaced by other vendors to leverage better pricing
- C. The service integrator does not deliver any services to the organization
- D. Multiple vendors provide the service integration and management function

正解: A

解説:

In service integration as a service, the service integrator both provides services and manages other vendors, ensuring seamless delivery across multiple suppliers.

質問 # 73

What should an organization consider when deciding to retain or outsource specific IT services?

- A. Transfer of responsibility for highly tailored services
- B. Short-term cost optimization
- C. Immediate staff reduction
- D. Cultural barriers and associated risks

正解: D

解説:

The organization should consider cultural barriers and associated risks (D). The ITIL 4 Specialist: Create, Deliver and Support documentation (Section 3.1.5) states: "Decisions to retain or outsource must account for cultural alignment, potential resistance, and risks such as knowledge loss or service disruption, which impact the service value system." This ensures long-term success, unlike option A (short-sighted), option C (disruptive), or option D (risky for tailored services). The guide adds: "A thorough risk assessment, including cultural factors, is critical for effective outsourcing strategies." Reference: ITIL 4 Specialist: Create, Deliver and Support, Section 3.1.5 - Outsourcing and Retention Decisions.
