International Code Council certification M2 exam is a rare examination opportunity to improve yourself and it is very valuable in the IT field. There are many IT professionals to participate in this exam. Passing International Code Council certification M2 exam can improve your IT skills. Our Easy4Engine provide you practice questions about International Code Council Certification M2 Exam. Easy4Engine's professional IT team will provide you with the latest training tools to help you realize their dreams earlier. Easy4Engine have the best quality and the latest International Code Council certification M2 exam training materials and they can help you pass the International Code Council certification M2 exam successfully.

International Code Council M2 Exam Syllabus Topics:

Section	Objectives
Topic 1: HVAC Systems and Equipment	- Heating and cooling systems • 1. Air handling units and system components • 2. Duct systems design and installation
Topic 2: Mechanical Appliances and Equipment	- Boilers, furnaces, and water heaters • 1. Safety controls and venting • 2. Installation and inspection requirements
Topic 3: Fuel Gas Systems	- Gas piping and appliance installation • 1. Gas safety and testing • 2. Combustion air requirements
Topic 4: Ventilation and Indoor Air Quality	- Ventilation requirements • 1. Outdoor air intake requirements • 2. Exhaust systems
Topic 5: General Administration and Mechanical Inspection Practice	- Code enforcement procedures and inspector responsibilities • 1. Documentation and reporting • 2. Permit requirements and inspections
Topic 6: Mechanical Code (IMC) Fundamentals	- International Mechanical Code application • 1. Scope and definitions • 2. General regulations

Free PDF International Code Council - M2 - Commercial Mechanical Inspector Updated Latest Dumps Questions

It is essential to get the International Code Council M2 exam material because you have no other option to understand the subject. Commercial Mechanical Inspector M2 have latest exam answers, latest exam book and latest exam collection. Easy4Engine offers valid exam book and valid exam collection help you pass the M2 Exam successfully.

International Code Council Commercial Mechanical Inspector Sample Questions (Q10-Q15):

NEW QUESTION # 10

Infrared radiant heaters shall be installed:

- A. with a 6-ft. clearance on all sides.
- B. in accordance with UL 1240.
- C. in accordance with UL 2158.
- D. with clearances from combustible material in accordance with the manufacturer's installation instructions.

Answer: D

Explanation:

The ICC mechanical code provision for infrared radiant heaters states that the heaters must be installed with clearances from combustible material in accordance with the manufacturer's installation instructions .

That makes Option D the correct answer. The code does not establish a blanket 6-foot clearance on all sides in this section, and the exam expects the candidate to rely on the listed installation requirements for the appliance.

NEW QUESTION # 11

Pipe and duct insulation can be used within plenums except:

- A. where the assembly has been tested to ASTM B84.
- B. where the assembly has been tested to UL 723.
- C. where the assembly has been tested to ASTM E84.
- D. where the flame spread index is not more than 25.

Answer: A

Explanation:

For materials such as pipe and duct insulation within plenums, the IMC references ASTM E84 or UL 723 for surface-burning characteristics, along with the flame-spread and smoke-developed limits applicable to plenums. ASTM B84 is not the referenced plenum test standard here, so it is the incorrect condition and therefore the correct exam answer to the "except" question. This makes Option C correct.

NEW QUESTION # 12

Termination of vents for appliances listed for and installed outdoors that incorporate integral venting shall:

- A. be installed in accordance with their listings and the manufacturer's installation instructions.
- B. be installed in accordance with the design professional's plans as approved by the local building official.
- C. terminate not less than 5 feet vertically above the lowest connected appliance draft hood outlet or flue collar.
- D. terminate not less than 5 feet vertically above the highest connected appliance draft hood outlet or flue collar.

Answer: A

Explanation:

For appliances listed for outdoor installation and incorporating integral venting , the IMC requires them to be installed in accordance with their listings and the manufacturer's installation instructions . That matches Option C exactly.

NEW QUESTION # 13

An 8-inch Type B venting system with a listed vent cap must terminate a minimum of _____ feet above the flat roof through which it passes.

- A. 0
- B. 1
- C. 2
- **D. 3**

Answer: D

Explanation:

For a Type B gas vent with a listed vent cap terminating through a flat roof, the minimum required termination height is 1 foot above the roof. That makes Option A correct. This is consistent with gas vent termination tables used with listed Type B vent systems and the code framework for Type B vent terminations.

NEW QUESTION # 14

The optional integral clearance reduction system is designed to meet which NFPA standard?

APPLICATION: Low proximity, low CFM requirements. Designed for all types of cooking equipment with surface temperatures ranging from 450 – 700 degrees. Optional rear plenum provides up to 90 percent make-up air. Product requires minimal kitchen space.

DESIGN FEATURES AND ADVANTAGES

- UL Listed for use over 450° and 700° F cooking surface temperatures. UL Listed to Canadian safety standards, NSF Listed, and built in accordance with NFPA 96 as required by ICC
- Up to 80% make-up air supplied through optional rear air plenum
- Separate flue gas chamber not required
- Stainless steel construction with double wall, insulated front panel
- Aluminum filters with optional stainless steel or high velocity cartridge filters (model ABC)
- Factory pre-wired lighting for illumination of cooking surface
- 30" minimum width
- Integral stainless steel double-end panels provided to maximize hood performance and eliminate effects of cross draft
- Optional UL Listed fan and fan control switches, pre-wired and flush mounted through built-in electrical chaseway
- Optional integral clearance reduction system meet requirements of NFPA 96
- Optional UL Listed exhaust fire damper (model AB-100)

GENERAL SPECIFICATIONS

- Fabricated of Type 430 stainless steel #3 or #4 polish, on all exposed surfaces, optional Type 304 stainless steel available
- Fitted with 12" high, UL Classified, baffle-type aluminum filters, removable for cleaning
- An 1/8 inch per foot minimum sloped grease trough with removable 1/2 pint cup to drain grease
- Pre-punched hanging angles on each end of hood
- End panels are sloped from lower front edge to bottom back for 450° F cooking surfaces; full ends for 700° F

PERFORMANCE DATA				
Hood Model Type	Cooking Surfaces	Max Avg. Cooking Surface Temp (°F) Filter Type	Min. Exhaust CFM/Ft	Suggested Supply CFM/Ft via Optional Back Supply Plenum
AB/AB-100	Gas Charbroilers Electric Charbroilers Meatpile Grills	700° with standard baffle filter	200	160
ABC/ABC-100	Charcoal Charbroilers Gas Conveyor Charbroilers	700° with high velocity cartridge filter	180	144
AB/AB-100	Que Pasa Steamers Kettles	450° with standard baffle filter	150	135
ABC/ABC-100	Open-Burner Ranges Griddles	125	112	

- A. 0
- **B. 1**
- C. 92A
- D. 2

Answer: B

Explanation:

Based on the specification sheet shown in the exhibit, the design features state that the optional integral clearance reduction system meets the requirements of NFPA 96 . Therefore, the correct answer is D .

NEW QUESTION # 15

.....

Easy4Engine is an authoritative study platform to provide our customers with different kinds of M2 practice torrent to learn, and help them accumulate knowledge and enhance their ability to pass the exam as well as get their expected scores. There are three different versions of our M2 Study Guide: the PDF, the Software and the APP online. To establish our customers' confidence and avoid their loss for choosing the wrong exam material, we offer related free demos of M2 exam questions for our customers to download before purchase.
