**Answer: B,C**

Explanation:

Explanation

To enable the system to check the shelf life of materials at goods receipt, you must meet the following prerequisites:

The purchase order item contains the remaining shelf life, which is the minimum number of days that a material must be usable after goods receipt.

The shelf life expiration date check is activated for the movement type in Customizing, which means that the system will compare the remaining shelf life in the purchase order with the total shelf life in the material master and reject the goods receipt if it does not meet the requirement.
