## Reliable L5M9 Test Question, Reliable L5M9 Exam Syllabus

After buying the CIPS L5M9 practice material, Prep4cram offers a full refund guarantee in case of unsatisfactory CIPS L5M9 test

results which are highly unlikely. We also offer a free demo version of the CIPS L5M9 exam prep material.

## CIPS Operations Management Sample Questions (Q87-Q92):

### NEW QUESTION # 87

Isobel is an Operations Manager at a plastics company and is conducting a Failure Mode and Effective Analysis (FMEA) on some products that the company manufactures. Which of the following areas would malfunctions be detected in when conducting a FMEA? Select TWO

- A. delivery
- B. design
- C. process
- D. operations

**Answer: B,C**

Explanation:

FMEA is categorised into two parts; design and process. This is from p.97

### NEW QUESTION # 88

Total Productive Maintenance and Just in Time are examples of Total Quality Management (TQM). Is this correct?

- A. yes- other examples include business process re-engineering
- B. yes- other examples include statistical process control
- C. no- TQM includes quality circles and quality function deployment
- D. no- TQM includes Kansai engineering

**Answer: B**

Explanation:

The correct answer is 2. Firstly the statement is true TPM and JIT are examples of TQM- so discount options 3 and 4. Between 1 and 2 - 1 is incorrect as BPR is not a form of TQM but statistical process control is. This is from p.107. There are 6 types of TQM- do learn these all for the exam- it's known to come up frequently in the exam.

### NEW QUESTION # 89

Below are details of 4 local manufacturing companies. For each company you must decide what the main objective is for the organisation and what layout their manufacturing plant has.

Company 1: This company creates large, delicate products which are hard to move. The main aim of the company is to stand out from competitors due to the superior level of materials used and by using the latest forms of technology to create the items.

Company 2: This company produces 72 different items and has designated zones within its premises for the creation of each item. The zones are organised based on the technology used and some products may be passed between different zones to be completed. The company creates many different items in response to changing customer demands, with many product lines only lasting a single season.

Company 3: Company 3 creates one product which flows along a single production line, with staff members adding to the product on four different occasions. The company must produce a high volume of this singular product in order to break even. Therefore, there is always a steady flow of items through the plant and it is important there is no stoppage in production.

Company 4: This company produces small batches of products, as and when they are ordered by customers. Due to uncertainty in demand, a high profit margin is added to the cost of each item. Teams in the factory are grouped into different areas depending on the technological process they are using.

Complete the table below by listing the objective criteria and plant layout for each company. Each response should only be used once: flexibility, speed, quality, cost, functional layout, cell layout, product layout, fixed position layout

Which of the following will you put into box 8?

- A. product layout
- B. cell layout
- C. functional layout
- D. fixed-position layout

**Answer: C**

Explanation:

The correct answers are as follows:

### NEW QUESTION # 90

In the Balanced Scorecard approach to measuring performance measures, which of the following is considered a 'hard parameter'?

- A. business processes
- B. learning and growth
- C. customer
- D. financial

**Answer: D**

Explanation:

Finance is the 'hard' parameter, and the other three are soft p.79. If you've not come across the Balanced Scorecard before this is one that's worth learning as it comes up in other modules at Level 5. I particularly like this YouTube video which explains the concept extremely well: <https://www.youtube.com/watch?v=IGJ-25hikHA>

### NEW QUESTION # 91

Little Joy Ltd is a large company with several functional departments. Below are details of four departments. For each, you must decide which functional area of the business the department is, as well as the SERVQUAL Gap that each Department Lead is concerned with.

Department 1: This department is concerned with the creation of products. The products are created in line with BS EN 716-1 and undergo vigorous tests before they leave the factory. Many customers are unaware of the additional costs of testing to BS EN 716-1 and complain about the price of this product line.

Department 2: Other departments of the business are internal customers of this functional area and approach the Department Lead when they require something to be bought. Often the internal customers have unrealistic expectations of the timescales involved in the process and the Department Lead spends a lot of time explaining lead times and logistics.

Department 3: This functional area creates the budgets for the company and emails these to the Department Leads at the beginning of every quarter. Due to the complexity of the documents, other functional areas of the business often don't understand the information provided.

Department 4: This area of the business is concerned with revenue, which has recently slumped. The Department Lead is conducting market surveys to find out the reason for this.

Complete the table below by listing the Functional Area of the business, and the corresponding SERVQUAL Gap. Each response should only be used once: procurement, finance, sales, production, satisfaction gap, delivery gap, standards gap, communication gap.

Which of the following will you put into box 3?

- A. sales
- B. production
- C. finance
- D. procurement

**Answer: C**

Explanation:

The correct answers are as follows:

### NEW QUESTION # 92

.....

Success in the CIPS L5M9 exam paves the way toward high-paying jobs, promotions, and skills verification. Hundreds of CIPS L5M9 test takers do not get success because of using CIPS L5M9 outdated dumps. Due to failure, they lose money, time, and confidence. All these losses can be prevented by using updated and real L5M9 exam.
