PRINCE2 7 Foundation written Exam Sample Questions (Q341-Q346):

NEW QUESTION # 341

Identify the missing words in the following sentence.

The 'managing product delivery' process provides a controlled link between [?] and a project manager.

- A. project assurance
- **B. a team manager**
- C. the corporate, programme management or the customer
- D. the project board

Answer: B

Explanation:

The 'managing product delivery' process provides a controlled link between a team manager and the project manager. This process ensures that the work assigned to the team is authorized and managed according to the project's requirements, facilitating clear communication and effective delivery of project products. NEW QUESTION # 342

Which product describes the method the project will use to engage with corporate, programme management or the customer?

- A. Change control approach
- B. Benefits management approach
- **C. Communication management approach**
- D. Quality management approach

Answer: C

Explanation:

The Communication Management Approach describes the means and frequency of communication to parties both within and outside the project. It outlines how the project will engage with stakeholders, including corporate, programme management, or the customer. This approach ensures that necessary information is provided to the right stakeholders at the right time.

NEW QUESTION # 343

Which is a true statement about acceptance criteria?

- A. Acceptance criteria are less specific and precise than customer's quality expectations
- B. Acceptance criteria are used to produce the customer's quality expectations
- **C. Acceptance criteria should be agreed between the customer and the supplier**
- D. Once agreed, acceptance criteria CANNOT be changed

Answer: C

Explanation:

Acceptance criteria should indeed be agreed upon between the customer and the supplier. This ensures that there is a clear, shared understanding of the conditions under which project outputs will be accepted.

Acceptance criteria are detailed and measurable, contrary to being less specific than the customer's quality expectations. They can also be modified if necessary, provided there is agreement from relevant stakeholders. References: PRINCE2 7 Foundation resources and materials.

NEW QUESTION # 344

What should be recorded in a quality register?

1. Activities to ensure the products are fit for purpose
2. Identified threats and opportunities
3. Problems and concerns to be managed informally
4. Roles responsible for reviewing the project's products

- A. 1 and 4
- B. 1 and 2
- C. 3 and 4
- D. 2 and 3

Answer: A

Explanation:

The Quality Register in PRINCE2 should record all quality activities planned and executed to ensure the products are fit for purpose (1), and the roles responsible for reviewing the project's products (4). This register helps in tracking and managing the quality review process effectively.
