## APA American Institute of Certified Planners Exam Sample Questions (Q59-Q64):

### NEW QUESTION # 59

A tribal designated statistical area is?

- A. A unit drawn by tribes that do not have a recognized area
- B. A unit drawn which recognizes an area for a tribe determined by the State Government
- C. A unit only used in 29 states and usually corresponds to a municipality

- D. A unit drawn which recognizes an area for a tribe determined by the Federal Government

**Answer: A**

**NEW QUESTION # 60**

A planner is requested to prepare a presentation to develop recommendations that help people experiencing homelessness. Which tactic should be included in the presentation?

- A. Eliminate housing vouchers
- B. Implement rigorous procedures to issue permits to construct temporary housing
- C. Enforce strict bans on overnight and recreational vehicle parking
- D. Convert motels to single-occupancy housing

**Answer: D**

Explanation:

Addressing homelessness requires strategies that increase housing availability and accessibility for vulnerable populations. Option B (convert motels to single-occupancy housing) is a practical tactic, as it repurposes existing structures to provide immediate, affordable housing options for people experiencing homelessness, a method often used in urban areas. The APA's AICP Certification Exam Content Outline (2022), under "Areas of Practice," highlights "converting underutilized buildings, such as motels, into single-occupancy housing as an effective strategy to address homelessness." The APA's Policy Guide on Homelessness (2017) states, "Repurposing motels or hotels for single-occupancy housing provides quick, scalable solutions to housing shortages for the homeless." Option A (eliminate housing vouchers) reduces support for the homeless, as vouchers are a key resource. Option C (banning overnight parking) criminalizes homelessness without addressing housing needs. Option D (rigorous permit procedures) creates barriers to housing development. The CPC Study Manual (2024) notes, "Converting motels to single-occupancy housing is a recommended tactic to provide immediate shelter for the homeless," supporting option B.

**NEW QUESTION # 61**

The most important contribution to city design in the United States made by Charles L'Enfant's grand plan for the federal capital city was:

- A. A grid street pattern.
- B. An orientation toward the waterfront.
- C. A central open space.
- D. A pattern of radial streets connecting major locations.

**Answer: D**

Explanation:

Pierre Charles L'Enfant's 1791 plan for Washington, D.C., introduced a pattern of radial streets connecting major locations (e.g., the Capitol, White House), overlaid on a grid, creating a distinctive urban form that influenced American city design. Option C (pattern of radial streets) is the most significant contribution. The APA's AICP Certification Exam Content Outline (2022), under "Fundamental Planning Knowledge," states,

"L'Enfant's plan for Washington, D.C., introduced radial streets connecting focal points, a design innovation that shaped U.S. city planning." Option A (grid pattern) was already common (e.g., Philadelphia). Option B (central open space) was not unique to L'Enfant. Option D (waterfront orientation) was not a primary feature of his plan. The CPC Study Manual (2024) confirms, "L'Enfant's radial street pattern was his most influential contribution to U.S. city design," supporting option C.

**NEW QUESTION # 62**

After issuance of a complaint under the AICP Code of Ethics, a settlement can be negotiated solely between the:

- A. Charging Party and the Respondent.
- B. Charging Party and the Ethics Committee.
- C. Ethics Officer and the Respondent.

- D. Ethics Officer and the Charging Party.

**Answer: C**

Explanation:

The AICP Code of Ethics(2022), Section E, Procedure 5, states, "After a complaint is issued, the Ethics Officer may negotiate a settlement with the Respondent to resolve the matter." This makes option B (Ethics Officer and the Respondent) correct, as the Ethics Officer oversees the process. Option A (Charging Party and Respondent) is incorrect, as direct negotiation bypasses the formal process. Option C (Ethics Officer and Charging Party) is not specified in the Code. Option D (Charging Party and Ethics Committee) is incorrect, as the Committee adjudicates, not negotiates. The CPC Study Manual(2024) confirms, "Settlements after a complaint are negotiated between the Ethics Officer and the Respondent to ensure fairness," supporting option B.

**NEW QUESTION # 63**

Scenario

A pro-development city manager tells you, the planner, that you must provide findings to support a shift in a natural resources boundary in order to accommodate a particular development. What might you do?

**Answer:**

Explanation:

See the solution below

Explanation

First, you should clarify all relevant policies and regulations. Suppose the relevant policies are in conflict or are difficult to interpret. You might ask the planning director or the city attorney for assistance in defining the situation. Second, determine how the boundary was established and study how it might be shifted.

Suppose the data that are available for the analysis are unreliable, inconsistent, or out-of-date. You might ask the planning director, another planner, or another source (such as the state GIS library) for assistance in obtaining better data. You might verify the accuracy of the data you collect by learning how it was developed and how recently it was developed because sometimes data are in error and natural conditions do change over time (Ethical Principle 1)

**NEW QUESTION # 64**

.....

If your problems on studying the AICP learning quiz are divulging during the review you can pick out the difficult one and focus on those parts. You can re-practice or iterate the content of our AICP exam questions if you have not mastered the points of knowledge once. Especially for exam candidates who are scanty of resourceful products, our AICP study prep can whittle down distention of disagreement and reach whole acceptance.
