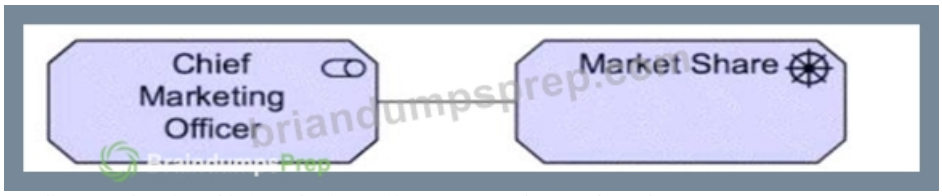
Free PDF 2026 The Open Group OGA-031: Perfect Advanced ArchiMate 3 Part 1 Exam Testing Engine

The ArchiMate 3 Part 1 Exam (OGA-031) certification is the way to go in the modern The Open Group era. Success in the The Open Group OGA-031 exam of this certification plays an essential role in an individual's future growth. Nowadays, almost every tech aspirant is taking the test to get The Open Group OGA-031 Certification and find well-paying jobs or promotions. But the main issue that most of the candidates face is not finding updated The Open Group OGA-031 practice questions to prepare successfully for the The Open Group OGA-031 certification exam in a short time.

The Open Group ArchiMate 3 Part 1 Exam Sample Questions (Q18-Q23):

NEW QUESTION # 18
Consider the diagram:



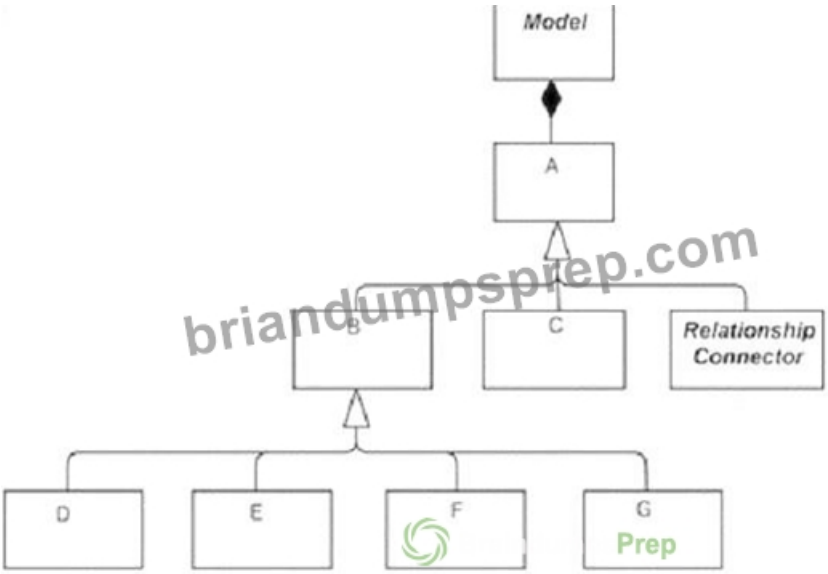
(A diagram showingChief Marketing Officerconnected toMarket Share.)
What element represents theChief Marketing Officer?

- A. Stakeholder
- B. Actor
- C. Role
- D. Business Actor

Answer: A

Explanation:
Comprehensive and Detailed In-Depth Explanation:
TheChief Marketing Officer (CMO)in this diagram is depicted as astakeholder, as it representsan individual or a group with concerns about market share.
InArchiMate 3.2, astakeholderis an entity thathas an interest in the outcomes of enterprise architecture, business processes, or strategic goals. TheMarket Shareconcept represents abusiness driver or key metric
, which directly aligns withstakeholder concernsin an organization.
Analysis of Answer Choices:
#A. Business Actor##Incorrect.
* ABusiness Actorrepresents anorganizational entity that performs behavior(e.g., a company, department, or system).
* TheCMO is an individual with a concern (Market Share), not a system or department performing business processes.
* ArchiMate 3.2 Specification, Section 6.2.1, states that aBusiness Actor is an operational entity rather than a strategic role or stakeholder.
#B. Role##Incorrect.
* ARolerepresents aresponsibility or job function assigned to actors, but thediagram does not depict responsibilities or assigned functions.
* Arole is usually linked to a business actor, while theCMO in this context is linked to a business concern (Market Share).
* ArchiMate 3.2 Specification, Section 6.3.1, states thatroles are used to define responsibilities, whereas stakeholders are used to define concerns.
#C. Stakeholder##Correct Answer
* TheCMO represents a strategic position with concerns about business performance, making it a Stakeholderin ArchiMate.
* ArchiMate 3.2 Specification, Section 6.2.1, definesStakeholder as an entity concerned with outcomes and business goals, exactly fitting the context of this diagram.
#D. Actor##Incorrect.
* AnActorin ArchiMate is used to defineentities performing business behaviors(such as a department or a system).
* TheCMO is not performing an explicit business function but rather has concerns about market performance.
#C. Stakeholder
References:
* ArchiMate 3.2 Specification: Sections 6.2.1 (Stakeholder), 6.3.1 (Role), and 6.2.1 (Business Actor).
* Archi User Guide: Defining stakeholders and their concerns in Enterprise Architecture.

NEW QUESTION # 19
Consider the top-level hierarchical structure of the ArchiMate Language shown below:



briandumpsprep.com

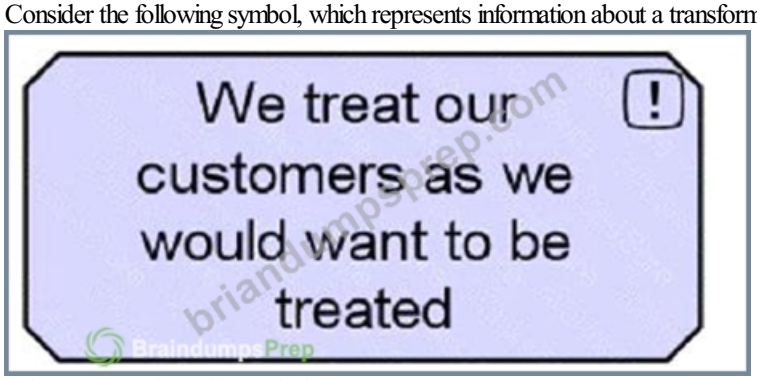
What do A and B denote?

- A. A=Element, B=Relationship
- B. A=Element, B=Core Element
- C. A-Concept, B-Element
- D. A-Metamodel, B-Event

Answer: C

Explanation:
According to the ArchiMate language structure, a concept is either an element or a relationship. An element is either a behavior element, a structure element, a motivation element, or a composite element. A and B in the diagram correspond to these concepts respectively.
References: ArchiMate 3.2 Specification, Chapter 3: Language Structure, Section 3.2 Top-Level Language Structure; ArchiMate 3.0 Specification, Chapter 3: Language Structure, Section 3.2 Top-Level Language Structure.

NEW QUESTION # 20
Consider the following symbol, which represents information about a transformation project.



briandumpsprep.com
Braindumps Prep

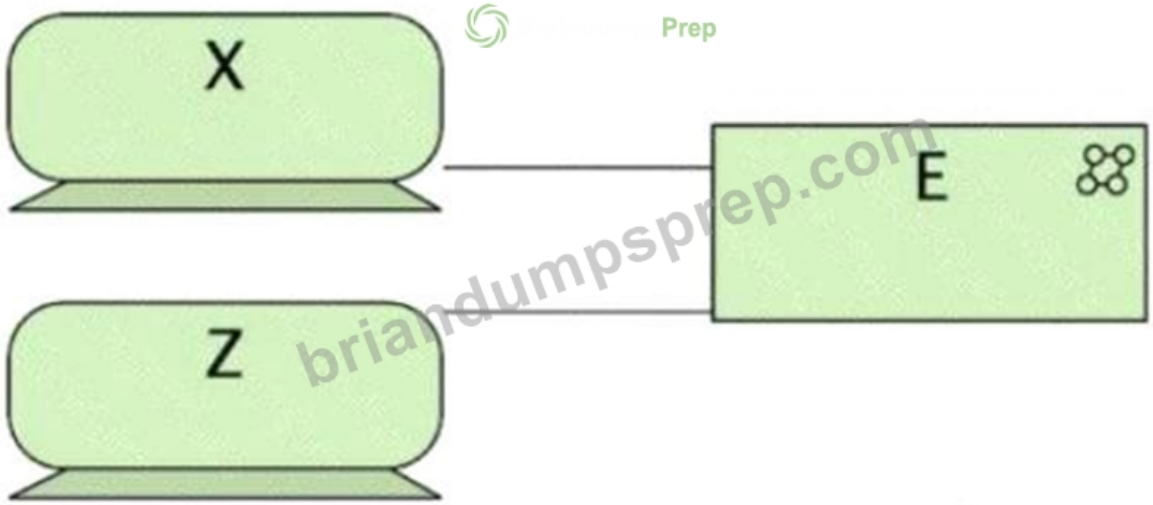
What concept does this symbol represent?

- A. A constraint
- B. A principle
- C. A goal
- D. A requirement

Answer: B

Explanation:
According to the ArchiMate 3.2 Specification1, a principle defines a general property that applies to any system in a certain context. A principle is a normative property of all systems in a given context that expresses a fundamental value or property1. Therefore, the correct answer is A. A principle.

NEW QUESTION # 21
Consider the diagram, whereXandZare servers located in theArchiSurance data center:



(A diagram showingX and Z (servers)connected toE (a shared technology element).) What correctly describes the diagram?

- A. The servers share a common network area storage device E.
- B. Technology collaboration E represents a point of access for services offered by the servers.
- C. The servers are shown in the technology interaction E, where they collectively process data.
- D. The servers, represented by devices, are connected by a communication network.

Answer: A

Explanation:
Comprehensive and Detailed In-Depth Explanation:
This diagram represents aTechnology Layer modelin ArchiMate, whereX and Z are servers, andE is a shared technology component.
* X and Z are likely hardware devices (Servers), which are typically represented as Technology Nodes or Devices in ArchiMate.
* E is a shared resource that both servers connect to, implying a common storage or network area storage device.
According toArchiMate 3.2,Technology Objects like Storage Devices or Infrastructure Services can be shared across multiple devices.
Analysis of Answer Choices:
#A. The servers, represented by devices, are connected by a communication network.##Incorrect
* There isno explicit network symbol(e.g., a communication path or a network node).
* Therelationship between X, Z, and E indicates a shared resource rather than a network connection.
* ArchiMate 3.2 Specification, Section 6.6.4, definesCommunication Networksseparately, and none are present here.
#B. The servers are shown in the technology interaction E, where they collectively process data.
##Incorrect
* Technology Interaction represents behaviorin ArchiMate, meaning two or more active elements are collaborating on a process.
* E is a shared object, not an interaction process.
#C. The servers share a common network area storage device E.##Correct Answer
* E is a shared resource, meaningit is likely a storage device used by both servers.
* ArchiMate 3.2 Specification, Section 6.6.2, states thatTechnology Objects can represent storage elementsused by multiple devices.
* Thismatches the pattern of a shared Network Attached Storage (NAS) or Storage Area Network (SAN).
#D. Technology collaboration E represents a point of access for services offered by the servers.
##Incorrect
* Technology Collaboration elementsrepresentactive behavior, not astatic resourcelike a shared storage system.
* E does not behave as a collaboration element but as a shared infrastructure object.
#C. The servers share a common network area storage device E.
References:
* ArchiMate 3.2 Specification: Sections 6.6.2 (Technology Object), 6.6.4 (Communication Network), and 6.6.7 (Technology Collaboration).
* Archi User Guide: Understanding shared technology infrastructure and storage modeling.

NEW QUESTION # 22
Complete the sentence. According to the top-level hierarchical structure of the ArchiMate Language, a model is considered to be __.

- A. A collection of concepts
- B. An assembly of views
- C. An arrangement of relationships
- D. A set of elements

Answer: A

Explanation:
Comprehensive and Detailed in Depth Explanation:AnArchiMate modelconsists ofa structured collection of conceptsthat represent enterprise architecture. These concepts includeactive structure, behavior, and passive structure elements, along with their relationships.
Amodel is not just a set of elements or relationships, but rather aconceptual frameworkthatrepresents an enterprise architecture holistically.
TheArchiMate 3.2 Specificationstates that anArchiMate model is a collection of interrelated concepts that define and describe enterprise architectures.
References:
* Archi User Guide
* ArchiMate 3.2 Specification

NEW QUESTION # 23
.....

Our OGA-031 exam prep can allow users to use the time of debris anytime and anywhere to study and make more reasonable arrangements for their study and life. For there are three versions of the OGA-031 exam questions: the PDF, Software and APP online. Though the content is the same, the displays are different to meet all kinds of the customers' needs. Choosing our OGA-031 simulating materials is a good choice for you, and follow our step, just believe in yourself, you can pass the OGA-031 exam perfectly!
