Salesforce Certified Advanced Administrator Sample Questions (Q62-Q67):

NEW QUESTION # 62

Cloud Kicks (CK) does business directly with individual consumers (B2C) and large businesses (B2B). Some of CK's B2C customers are employed at its larger customer accounts and should be tracked under both.

Which two options will CK need to use to manage its customers' accounts?

Choose 2 answers

- A. Person Accounts
- B. Contacts to Multiple Accounts
- C. Leads
- D. Campaign Members

Answer: A,B

Explanation:

To manage both B2C and B2B customers, CK should use Person Accounts and Contacts to Multiple Accounts features. Person Accounts allow CK to store information about individual consumers without requiring a separate account record. Contacts to Multiple Accounts allow CK to associate a contact with multiple accounts, such as their employer and their personal account.

NEW QUESTION # 66

Cloud Kicks is looking for a way to back up its data daily.
What should the administrator recommend?

- A. Use an ETL tool that can be scheduled to extract the data and push it to the target destination.
- B. Schedule a report and have the data emailed to the admin to put in the target destination.
- C. Extract the data with the Import Wizard and push it to the target destination.
- D. Set up Salesforce's Data Export Service and store the data in the target destination.

Answer: A

Explanation:

Salesforce's Data Export Service is a tool that allows you to export your organization's data to a set of comma-separated values (CSV) files and store them in a backup location of your choice. You can schedule this service to run weekly or monthly and receive an email notification when your files are ready to download.

This is one way to back up your data daily without using any external tools or services. References:
