What is the status of an action when it first shows up on the Actions page in UiPath's Action Center?

- A. Unassigned
- B. Assigned
- C. In Progress
- D. Completed

Answer: A

Initial Action Status in Action Center:

When an action first appears in UiPath's Action Center, it is in the Unassigned status. This indicates that no user has taken ownership of the action yet.

Why Option D is Correct:

Actions must be assigned to a specific user before they can move to an "In Progress" status. The initial state is always "Unassigned".

Why Other Options Are Incorrect:

Option A: "In Progress" occurs only after an action has been assigned and work has started.

Option B: Actions are not assigned by default; they need to be manually allocated or auto-assigned based on rules.
