#### NEW QUESTION # 26

Which feature of WalkMe Discovery allows enterprises to gain insights to optimize their technology stack?

- A. Providing forecasts for future revenue growth
- B. Automating employee onboarding processes
- C. Identifying all applications being used across the organization
- D. Reducing costs associated with hardware infrastructure

**Answer: C**

Explanation:

The correct answer is:

D . Identifying all applications being used across the organization

Explanation

WalkMe Discovery offers enterprises full visibility into their technology stack by automatically discovering all web-based applications in use across the organization. It provides insights into which applications are used, by whom, and how frequently, enabling companies to optimize their software portfolio and eliminate underused or rogue tools.

Why the other options are incorrect:

- \* A. Automating employee onboarding processes - Not part of Discovery; this relates to WalkMe's guidance capabilities.
- \* B. Reducing costs associated with hardware infrastructure - Discovery focuses on software visibility, not hardware.
- \* C. Providing forecasts for future revenue growth - Discovery helps optimize current software investments but doesn't offer revenue forecasting.

Final Answer:

D . Identifying all applications being used across the organization.

#### NEW QUESTION # 27

Which of the following are strategic pillars of WalkMe's product strategy? Note: There are 3 correct answers to this question.
