SAP C_ARCON_2508 Exam Syllabus Topics:

Topic	Details

Topic 1	• Contract Requests and Contract Workspaces: This section of the exam measures skills of Contract Administrators and focuses on managing contract requests and workspaces in SAP Ariba. It includes creating, processing, and managing contract requests, setting up collaborative workspaces, tracking progress, and maintaining version control for contract documents.
Topic 2	• Integration: This section of the exam measures skills of SAP Integration Specialists and focuses on integrating SAP Ariba Contracts with other SAP and third-party systems. It includes managing data synchronization, setting up APIs or middleware, and ensuring seamless flow of contract and procurement information across platforms.
Topic 3	• Best Practices: This section of the exam measures skills of SAP Solution Architects and focuses on the application of SAP-recommended best practices in Ariba Contracts. It includes implementing standardized workflows, templates, and governance strategies to ensure efficient contract and procurement operations.
Topic 4	• Deployment Methodology: This section of the exam measures skills of SAP Project Managers and covers deployment and implementation methodologies for SAP Ariba Contracts. It focuses on following SAP Activate or other deployment frameworks, managing project timelines, and ensuring successful go-live and adoption.
Topic 5	• SAP Ariba Contracts Configuration: This section of the exam measures skills of SAP Configuration Analysts and covers setting up and managing SAP Ariba Contracts functionality. It focuses on configuring system parameters, defining contract types, templates, approval workflows, and managing compliance rules for contract lifecycle processes.
Topic 6	• Search and Reporting: This section of the exam measures skills of Business Analysts and focuses on using SAP Ariba search and reporting capabilities. It includes searching contract data, generating standard and custom reports, and leveraging analytics to monitor performance and compliance.
Topic 7	• Managing Clean Core: This section of the exam measures skills of SAP Implementation Consultants and covers maintaining a clean core strategy in SAP Ariba environments. It focuses on managing extensions, customizations, and ensuring that system configurations align with SAP best practices to maintain stability and upgradability.
Topic 8	• Suppliers and Users: This section of the exam measures skills of Supplier Relationship Managers and covers managing supplier and user access within SAP Ariba Contracts. It includes user role configuration, permissions, supplier onboarding, and maintaining compliance with supplier management policies.
Topic 9	• Procurement Knowledge: This section of the exam measures skills of Procurement Specialists and focuses on understanding procurement processes and their alignment with SAP Ariba. It covers the end-to-end procurement lifecycle, contract management principles, and how procurement operations integrate with broader business goals.
