Answer: A

Explanation:

Explanation

A Solution Demo is one of the Agile Release Train (ART) events in the Scaled Agile Framework (SAFe). It is a periodic event that provides an integrated view of the current state of the solution under development. It is typically held at the end of each Program Increment (PI), after the System Demo and before the Inspect and Adapt workshop. The Solution Demo is attended by the Solution Train stakeholders, including Customers, Suppliers, Solution Management, Solution Architect/Engineering, and Release Management. The purpose of the Solution Demo is to evaluate the solution and collect feedback for improvement. The Solution Demo also provides an opportunity to measure the solution's fitness for purpose, quality, compliance, and readiness for release
