Virginia Insurance Virginia Life, Annuities, and Health Insurance Examination Series 11-01 Sample Questions (Q78-Q83):

NEW QUESTION # 78

A coordination of benefits provision is included in group health insurance to reduce:

- **A. Overinsurance**
- B. Waiting periods
- C. Dependent coverage
- D. Probationary periods

Answer: A

Explanation:

Detailed Answer in Step-by-Step Solution:

* The coordination of benefits (COB) provision prevents overinsurance (B) by ensuring that total payments from multiple group plans don't exceed 100% of covered expenses, avoiding duplication.

* It doesn't affect dependent coverage (A), probationary periods (C), or waiting periods (D), which are unrelated to claim payments.

The Virginia study guide describes COB as a mechanism to coordinate payments among multiple insurers, reducing overinsurance and ensuring fair claim distribution. Reference: Virginia Life, Annuities, and Health Insurance study guide, section on "Group Health Insurance Provisions."

NEW QUESTION # 79

When a health insurer requires a covered individual to undergo a physical examination, who pays the cost of the examination?

- A. The patient or parent of the patient
- **B. The insurer**
- C. The premium payor
- D. The principal insured individual

Answer: B

Explanation:

Detailed Answer in Step-by-Step Solution:

* If a health insurer requires a physical exam (e.g., for underwriting or claims), the insurer pays the cost (D), as it's their condition for coverage or payment.

* The premium payor (A), insured (B), or patient (C) aren't responsible for insurer-mandated exams.

The Virginia study guide specifies that insurer-required exams, such as for contesting claims, are at the insurer's expense, per the physical examination provision. Reference: Virginia Life, Annuities, and Health Insurance study guide, section on "Health Insurance Policy Provisions."

NEW QUESTION # 80

A licensee is NOT required by Virginia law to keep which of the following records?

- A. Accounting records of premium payments
- B. Policy renewal notices
- **C. Premium quotations of unissued policies**
- D. Files of insurance applications on current policies issued

Answer: C

Explanation:

Virginia Code § 38.2-1809 mandates that licensees maintain specific records for regulatory oversight and consumer protection.

Option A (accounting records of premium payments) is required to track funds received and remitted, ensuring financial accountability (e.g., premiums collected for a \$1,000 policy). Option B (files of insurance applications on current policies) must be kept as part of the contract and for audit purposes, per §

38.2-1810. Option C (policy renewal notices) is required to document communication with policyholders about ongoing coverage, ensuring transparency. Option D (premium quotations of unissued policies) is not mandated; while agents may provide quotes (e.g., \$500 annually for a term policy), these are preliminary offers, not binding until a policy is issued, and Virginia law doesn't require retaining them unless they result in a transaction. The study guide likely details recordkeeping in a compliance chapter, contrasting required records (A, B, C) with optional ones like quotes (D), using examples-e.g., keeping a paid policy's file but not a rejected quote-making D the item not required. This reflects Virginia's focus on executed contracts over prospective ones.

NEW QUESTION # 81

Claims settlement practices of insurers are regulated by:

- **A. State insurance departments**
- B. The National Association of Insurance Commissioners
- C. Claims adjusters
- D. The Internal Revenue Service

Answer: A

Explanation:

Virginia Code § 38.2-510 regulates unfair claim settlement practices, enforced by the State Corporation Commission's Bureau of Insurance-a state insurance department (option D). This includes timely claim processing and fair payment, with penalties for violations. Option A (IRS) oversees tax compliance, not insurance claims. Option B (NAIC) develops model laws and guidelines (e.g., Unfair Claims Settlement Practices Act), but lacks enforcement power; states adopt and regulate these standards. Option C (claims adjusters) are practitioners, not regulators. The study guide likely emphasizes Virginia's Bureau as the authority, citing examples like investigating delayed claims, aligning with state-level oversight under § 38.2-200 et seq., making D the correct regulator.

NEW QUESTION # 82

The designation of a beneficiary by class in a life insurance policy means that:

- A. The policy must be a form of business life insurance
- B. The beneficiaries are unrelated to the insured
- **C. Individual beneficiaries are not specified by name**
- D. A primary beneficiary cannot be designated in the policy

Answer: C

Explanation:

Detailed Answer in Step-by-Step Solution:

* Designating a beneficiary "by class" means identifying a group (e.g., "my children") rather than naming specific individuals (C).

* Option A (business life insurance) is unrelated to class designation.

* Option B (no primary beneficiary) is incorrect; a class can still be primary.

* Option D (unrelated beneficiaries) is not a requirement of class designation.

The Virginia study guide notes that a class designation identifies beneficiaries by a category (e.g., "spouse" or "heirs") rather than specific names, offering flexibility. Reference: Virginia Life, Annuities, and Health Insurance study guide, section on "Beneficiary Designations."

NEW QUESTION # 83

.....

Virginia-Life-Annuities-and-Health-Insurance is the authentic study guides with the latest exam material which can help you solve all the difficulties in the actual test.
