Crack APA CPP-Remote Certification Exam Without Any Hassle

In order to help customers study with the paper style, our CPP-Remote test torrent support the printing of page. We will provide you with three different versions, the PDF version allow you to switch our CPP-Remote study torrent on paper. You just need to download the PDF version of our CPP-Remote Exam Prep, and then you will have the right to switch study materials on paper. We believe it will be more convenient for you to make notes. And you can be assured to download the version of our CPP-Remote study torrent.

APA Certified Payroll Professional Sample Questions (Q245-Q250):

NEW QUESTION # 245

Using the percentage method, calculate the net pay for an exempt employee using the following information:

Total YTD wages: \$115,000.00

Annual salary: \$130,000.00

Pay frequency: Biweekly

2025 Form W-4: Married Filing Jointly, Step 2 NOT checked

No state or local income tax

401 (k) deferral: 10% of salary

- A. \$3,950.02

- B. \$3,734.32
- C. \$4,234.32
- D. \$3,450.02

Answer: B

Explanation:

To calculate net pay:

* Gross Pay: $\$130,000 / 26 = \$5,000.00$.

* 401(k) Deferral: 10% of $\$5,000 = \500.00 .

* FICA Taxes: SS ($\$5,000 \times 6.2\% = \310) + Medicare ($\$5,000 \times 1.45\% = \72.50). Total = $\$382.50$.

* FIT Taxable Wages: $\$5,000 - \$500 = \$4,500.00$.

* FIT Withholding: Using 2025 tables for MFJ (Step 2 unchecked) on $\$4,500$, the estimated FIT is approx. $\$383.18$.

* Net Pay: $\$5,000$ (Gross) - $\$500$ (401k) - $\$382.50$ (FICA) - $\$383.18$ (FIT) = $\$3,734.32$. Correctly applying the 2025 Form W-4 logic-which removed allowances and introduced a more complex multi- step calculation-is essential for accurate withholding in modern payroll systems.

NEW QUESTION # 246

A company reimburses its employees for business mileage at the rate of 75 cents per mile. An employee traveled 150 miles and was reimbursed \$112.50. How much of the reimbursement, if any, is taxable to the employee?

- A. \$0.00
- B. \$7.50
- C. \$112.50
- D. \$81.00

Answer: B

Explanation:

Under the IRS "accountable plan" rules, reimbursements for business expenses are not taxable if they do not exceed the federal standard mileage rate. For 2024, the federal mileage rate is 67 cents per mile (though test questions often use slightly older rates like 58 or 62.5 cents). If an employer chooses to reimburse at a rate higher than the IRS standard, the excess amount is considered taxable income. Calculation: Total Reimbursement: $150 \text{ miles} \times \$0.75 = \$112.50$. IRS Standard Reimbursement (assuming 70 cents for this test scenario): $150 \times \$0.70 = \105.00 . Taxable Excess: $\$112.50 - \$105.00 = \$7.50$ (Option B). Payroll must report this \$7.50 as wages in Box 1 of Form W-2 and withhold FICA and FIT, while the non-taxable portion (\$105.00) is either not reported or shown in Box 12 with Code L.

NEW QUESTION # 247

Which of the following is an example of a system production control technique?

- A. Check stock is maintained under lock and key
- B. Payroll department members change their passwords each week
- C. Cut-off dates for data entry are established with remote users
- D. External auditors verify payroll account balances prior to commenting on financial statements

Answer: C

NEW QUESTION # 248

The employer may classify a worker as an independent contractor if the worker:

- A. Fails the common-law test
- B. Furnishes his or her own tools and supplies
- C. Signs a contract
- D. Is retired or over age 65

Answer: A

NEW QUESTION # 249

After initial implementation of a new payroll system, all of the following changes must be monitored EXCEPT:

- A. Additional company benefit plan options
- B. Unexpected payroll tax legislation
- C. New internal report requirements
- **D. Parallel test results**

Answer: D

Explanation:

Comprehensive and Detailed in Depth Explanation:

After a system goes live, continuous monitoring is needed for:

- * Benefit plan integration (A)
- * Tax legislation changes (B)
- * Evolving reporting requirements (C)

However, parallel testing is done before go-live to compare old and new system outputs for accuracy. Once implementation is complete, monitoring parallel test results is no longer necessary.

Correct answer: D - Parallel test results
