## NIS-2-Directive-Lead-Implementer Reliable Test Labs - Pass4sure NIS-2-Directive-Lead-Implementer Pass Guide

Are you still feeling distressed for expensive learning materials? Are you still struggling with complicated and difficult explanations in textbooks? Do you still hesitate in numerous tutorial materials? NIS-2-Directive-Lead-Implementer study guide can help you to solve all these questions. NIS-2-Directive-Lead-Implementer certification training is compiled by many experts over many years according to the examination outline of the calendar year and industry trends. NIS-2-Directive-Lead-Implementer Study Guide not only apply to students, but also apply to office workers; not only apply to veterans in the workplace, but also apply to newly recruited newcomers. NIS-2-Directive-Lead-Implementer guide torrent uses a very simple and understandable language, to ensure that all people can read and understand.

## PECB Certified NIS 2 Directive Lead Implementer Sample Questions (Q79-Q84):

### NEW QUESTION # 79

Which statement regarding the EU-CyCLONe is correct?

- A. It serves as a bridge between operational and political levels during large-scale incidents and crises
- B. It serves as a bridge operational and technical levels during large-scale incidents and crises
- C. It serves as a bridge between technical and political levels during large-scale incidents and crises

**Answer: C**

### NEW QUESTION # 80

Which type of vulnerability assessment scans is primarily focused on evaluating websites and mobile applications of known software vulnerabilities and incorrect configurations?

- A. Web-based scans
- B. Network-based scans
- C. Application scans

**Answer: C**

### NEW QUESTION # 81

Scenario 7: CleanHydro is a forward-thinking company operating in the wastewater industry. Based in Stockholm, Sweden, the company is dedicated to revolutionizing wastewater treatment processes using advanced automated technology aiming to reduce environmental impact.

Recognizing the paramount importance of robust cybersecurity measures to protect its advanced technologies, CleanHydro is committed to ensuring compliance with the NIS 2 Directive. In line with this commitment, the company has initiated a comprehensive employee training program. To do so, the company adheres to Sweden's national cybersecurity strategy, which includes objectives, governance frameworks to guide strategy implementation and define roles and responsibilities at the national level, risk assessment mechanism, incident preparedness measures, a list of involved authorities and stakeholders, and coordination policies.

In addition, CleanHydro engaged GuardSecurity, an external cybersecurity consultancy firm, to evaluate and potentially improve the cybersecurity infrastructure of the company to ensure compliance with the NIS 2 Directive. GuardSecurity focused on strengthening the risk management process of the company.

The company started determining competence development needs by considering competence levels, comparing them with required competence levels, and then prioritizing actions to address competence gaps found based on risk-based thinking. Based on this determination, the company planned the competence development activities and defined the competence development program type and structure. To provide the training and awareness programs, the company contracted CyberSafe, a reputable training provider, to provide the necessary resources, such as relevant documentation or tools for effective training delivery. The company's top management convened a meeting to establish a comprehensive cybersecurity awareness training policy. It was decided that cybersecurity awareness training sessions would be conducted twice during the onboarding process for new employee to instill a culture of cybersecurity from the outset and following a cybersecurity incident.

In line with the NIS 2 compliance requirements, CleanHydro acknowledges the importance of engaging in communication with communities consisting of other essential and important entities. These communities are formed based on industry sectors, critical infrastructure sectors, or other relevant classifications. The company recognizes that this communication is vital for sharing and receiving crucial cybersecurity information that contributes to the overall security of wastewater management operations.

When developing its cybersecurity communication strategy and setting objectives, CleanHydro engaged with interested parties, including employees, suppliers, and service providers, to understand their concerns and gain insights. Additionally, the company identified potential stakeholders who have expressed interest in its activities, products, and services. These activities aimed to contribute to the achievement of the overall objectives of its cybersecurity communication strategy, ensuring that it effectively addressed the needs of all relevant parties.

According to scenario 7, how does CleanHydro align with the provisions of Article 29, Cybersecurity information-sharing arrangements, of the NIS 2 Directive?

- A. By establishing a cybersecurity awareness training policy to build a cybersecurity culture
- B. By involving employees, suppliers, and service providers in the process of developing cybersecurity communication strategy and objectives
- C. By engaging in communication with communities consisting of other essential and important entities regarding cybersecurity information

**Answer: C**

### NEW QUESTION # 82

Scenario 5: Based in Altenberg, Germany, Astral Nexus Power is an innovative company founded by visionary engineers and scientists focused on pioneering technologies in the electric power sector. It focuses on the development of next-generation energy storage solutions powered by cutting-edge quantum materials. Recognizing the critical importance of securing its energy infrastructure, the company has adopted the NIS 2 Directive requirements. In addition, it continually cooperates with cybersecurity experts to fortify its digital systems, protect against cyber threats, and ensure the integrity of the power grid. By incorporating

advanced security protocols, the company contributes to the overall resilience and stability of the European energy landscape. Dedicated to ensuring compliance with NIS 2 Directive requirements, the company initiated a comprehensive journey toward transformation, beginning with an in-depth comprehension of its structure and context, which paved the way for the clear designation of roles and responsibilities related to security, among others. The company has appointed a Chief Information Security Officer (CISO) who is responsible to set the strategic direction for cybersecurity and ensure the protection of information assets. The CISO reports directly to the Chief Executive Officer (CEO) of Astral Nexus Power which helps in making more informed decisions concerning risks, resources, and investments. To effectively carry the roles and responsibilities related to information security, the company established a cybersecurity team which includes the company's employees and an external cybersecurity consultant to guide them.

Astral Nexus Power is also focused on managing assets effectively. It consistently identifies and categorizes all of its digital assets, develops an inventory of all assets, and assesses the risks associated with each asset. Moreover, it monitors and maintains the assets and has a process for continual improvement in place. The company has also assigned its computer security incident response team (CSIRT) with the responsibility to monitor its on and off premises internet-facing assets, which help in managing organizational risks. Furthermore, the company initiates a thorough process of risk identification, analysis, evaluation, and treatment. By identifying operational scenarios, which are then detailed in terms of assets, threats, and vulnerabilities, the company ensures a comprehensive identification and understanding of potential risks. This understanding informs the selection and development of risk treatment strategies, which are then communicated and consulted upon with stakeholders. Astral Nexus Power's commitment is further underscored by a meticulous recording and reporting of these measures, fostering transparency and accountability.

Based on the scenario above, answer the following question:

Which risk identification approach does Astral Nexus Power use?

- A. Event-based approach
- B. All-hazards approach
- **C. Asset-based approach**

**Answer: C**

#### **NEW QUESTION # 83**

Scenario 6: Solicure is a leading pharmaceutical company dedicated to manufacturing and distributing essential medications. Thriving in an industry characterized by strict regulations and demanding quality benchmarks, Solicure has taken proactive steps to adhere to the requirements of the NIS 2 Directive. This proactive approach strengthens digital resilience and ensures the continued excellence of product offerings.

Last year, a cyberattack disrupted Solicure's research and development operations, raising concerns about the potential compromise of sensitive information regarding drug formulation. Solicure initiated an immediate investigation led by its cybersecurity team, gathering technical data to understand the attackers' methods, assess the damage, and swiftly identify the source of the breach. In addition, the company implemented measures to isolate compromised systems and remove the attackers from its network. Lastly, acknowledging the necessity for long-term security improvement, Solicure implemented a comprehensive set of security measures to comply with NIS 2 Directive requirements, covering aspects such as cybersecurity risk management, supply chain security, incident handling, crisis management, and cybersecurity crisis response planning, among others.

In line with its crisis management strategy, Solicure's chief information security officer, Sarah, led the initiative to develop a comprehensive exercise plan to enhance cyber resilience. This plan was designed to be adaptable and inclusive, ensuring that organizational decision-makers possessed the essential knowledge and skills required for effective cybersecurity threat mitigation. Additionally, to enhance the efficacy of its crisis management planning, Solicure adopted an approach that prioritized the structuring of crisis response.

A key aspect of Solicure's cybersecurity risk management approach centered on the security of its human resources. Given the sensitive nature of its pharmaceutical products, the company placed utmost importance on the employees' backgrounds. As a result, Solicure implemented a rigorous evaluation process for new employees, including criminal history reviews, prior role investigations, reference check, and pre-employment drug tests.

To comply with NIS 2 requirements, Solicure integrated a business continuity strategy into its operations. As a leading provider of life-saving medicines and critical healthcare products, Solicure faced high stakes, with potential production and distribution interruptions carrying life-threatening consequences for patients. After extensive research and consultation with business management experts, the company decided to utilize a secondary location to reinforce the critical operations at the primary site. Along with its business continuity management strategy, Solicure developed a set of procedures to recover and protect its IT infrastructure in the event of a disaster and ensure the continued availability of its medications.

Based on this scenario, answer the following question:

Which of the following screening levels did Solicure implement during the evaluation process for new employees?

- A. Level 2
- **B. Level 4**
- C. Level 3

**Answer: B**

#### **NEW QUESTION # 84**

.....

In order to better meet users' need, our PECB Certified NIS 2 Directive Lead Implementer study questions have set up a complete set of service system, so that users can enjoy our professional one-stop service. We not only in the pre-sale for users provide free demo, when buy the user can choose in we provide in the three versions, at the same time, our NIS-2-Directive-Lead-Implementer training materials also provides 24-hour after-sales service, even if you are failing the exam, don't pass the exam, the user may also demand a full refund with purchase vouchers, make the best use of the test data, not for the user to increase the economic burden. Such a perfect one-stop service of our NIS-2-Directive-Lead-Implementer Test Guide, believe you will not regret your choice, and can better use your time, full study, efficient pass the exam.

**NIS-2-Directive-Lead-Implementer Reliable Test Labs:** <https://www.examboosts.com/PECB/NIS-2-Directive-Lead-Implementer-practice-exam-dumps.html>

Our NIS-2-Directive-Lead-Implementer study materials are verified by used candidates have average 99% first time pass rate, But we regret that it'll spend a little more on the basis of high quality and careful preparation of our PECB NIS-2-Directive-Lead-Implementer demo cram, We can guarantee that our NIS-2-Directive-Lead-Implementer exam question will keep up with the changes by updating the system, and we will do our best to help our customers obtain the latest information on learning materials to meet their needs, We are proud of our NIS-2-Directive-Lead-Implementer test dumps that can be helpful for users and make users feel excellent value.

if they own the keys, digital publishers will be beholden to the whims NIS-2-Directive-Lead-Implementer of Google, The aftersales groups are full of good natured employees who are diligent and patient waiting for offering help for you.

### **Quiz 2026 Perfect PECB NIS-2-Directive-Lead-Implementer: Valid PECB Certified NIS 2 Directive Lead Implementer Test Labs**

Our NIS-2-Directive-Lead-Implementer Study Materials are verified by used candidates have average 99% first time pass rate, But we regret that it'll spend a little more on the basis of high quality and careful preparation of our PECB NIS-2-Directive-Lead-Implementer demo cram.

We can guarantee that our NIS-2-Directive-Lead-Implementer exam question will keep up with the changes by updating the system, and we will do our best to help our customers obtain the latest information on learning materials to meet their needs.

We are proud of our NIS-2-Directive-Lead-Implementer test dumps that can be helpful for users and make users feel excellent value, Learning our NIS-2-Directive-Lead-Implementer study quiz can also be a pleasant process.
