Facing the incoming ISTQB ISTQB-CTFL Exam, you may feel stained and anxious, suspicious whether you could pass the exam smoothly and successfully. Actually, you must not impoverish your ambition. Our suggestions are never boggle at difficulties. It is your right time to make your mark. Preparation of exam without effective materials is just like a soldier without gun.

The purchase process of our ISTQB-CTFL question torrent is very convenient for all people. In order to meet the needs of all customers, our company is willing to provide all customers with the convenient purchase way. If you buy our ISTQB-CTFL study tool successfully, you will have the right to download our ISTQB-CTFL Exam Torrent in several minutes, and then you just need to click on the link and log on to your website's forum, you can start to learn our ISTQB-CTFL question torrent. At the same time, we believe that the convenient purchase process will help you save much time.

## ISTQB-CTFL Reliable Test Book & ISTQB-CTFL Detailed Study Dumps

Our Prep4King ISTQB-CTFL exam certification training material is the collection of experience and innovation results of highly certified IT professionals in IT industry. We guarantee that after you buy Prep4King ISTQB-CTFL certification exam training materials, we will provide free renewal service for one year. If ISTQB-CTFL Exam Certification training materials have any quality problem or you fail ISTQB-CTFL exam certification, we will give a full refund unconditionally.

## ISTQB Certified Tester Foundation Level (CTFL v4.0) Sample Questions (Q114-Q119):

### NEW QUESTION # 114

The following rules determine the annual bonus to be paid to a salesman of a company based on the total annual amount of the sales made (referred to as TAS).

If the TAS is between 50k€ and 80k€, the bonus is 10%. If the TAS exceeds 80k€ by a value not greater than 40k€, the bonus is 15%. Finally, if the TAS

exceeds the maximum threshold which entitles to a 15% bonus, the bonus is 22%.

Consider applying equivalence partitioning to the TAS (Note: 1k€ = 1000 euros).

Which one of the following answers contain only test cases that belong to the same equivalence partition?

- A. TC1 = 81 k€; TC2= 97k€; TC3=111k€; TC4=118k€
- B. TC1 = 79k€; TC2= 80k€; TC3=81k€; TC4=82k€
- C. TC1 = 40k€; TC2= 46k€; TC3=51k€; TC4=53k€
- D. TC1 = 90k€; TC2= 110k€; TC3=125k€; TC4=140k€

**Answer: A**

Explanation:

This answer is correct because equivalence partitioning is a test design technique that divides the input domain of a system or component into partitions of equivalent data, such that each partition is expected to produce the same output or behavior.

Equivalence partitioning aims to reduce the number of test cases by selecting one representative value from each partition. In this case, the input domain of the TAS can be divided into four partitions based on the bonus rules: less than 50k€, between 50k€ and 80k€, between 80k€ and 120k€, and more than 120k€. The test cases in the answer belong to the same partition, which is between 80k€ and 120k, and they are expected to produce the same output, which is a bonus of 15%. References:

### NEW QUESTION # 115

Consider the following simplified version of a state transition diagram that specifies the behavior of a video poker game:

□ What Is the minimum number of test cases needed to cover every unique sequence of up to 3 states/2 transitions starting In the "Start" state and ending In the "End" state?

- A. 0
- B. 1
- C. 2
- D. 3

**Answer: C**

Explanation:

The minimum number of test cases needed to cover every unique sequence of up to 3 states/2 transitions starting in the "Start" state and ending in the "End" state is 4. This is because there are 4 unique sequences of up to 3 states/2 transitions starting in the "Start" state and ending in the "End" state:

- \* Start -> Bet -> End
- \* Start -> Deal -> End
- \* Start -> 1st Deal -> End
- \* Start -> 2nd Deal -> End

### NEW QUESTION # 116

In which of the following cases you would NOT execute maintenance testing?

- A. Update to the Maintainability requirements during the development phase
- B. Modifications to a released software or system
- C. Migration of the system data to a replacement system
- D. Retirement of the software or system

**Answer: A**

Explanation:

Maintenance testing is testing performed on a software product after delivery to correct defects or improve performance or other attributes. Maintenance testing can be triggered by various situations, such as modifications to a released software or system, migration of the system data to a replacement system, or retirement of the software or system. Maintenance testing is not executed when there is an update to the maintainability requirements during the development phase, as this is not a maintenance situation but rather a change request that should be handled by the development process. ### NEW QUESTION # 117

For a mandatory input field "ZIP code" the following rules are given:

- 1 - The valid ZIP code format is 5 numeric digits.
- 2 - The code has to exist in the post office's official ZIP code list

Using equivalence classes partitioning, how many test cases are required to test this field?

- A. 0
- B. 1
- C. 2
- D. 3

### **Answer: C**

Explanation:

Equivalence classes partitioning is a technique that divides the input data and output results of a software component into partitions of equivalent data. Each partition should contain data that is treated in the same way by the component. Equivalence classes partitioning can be used to reduce the number of test cases by selecting one representative value from each partition. For the ZIP code field, there are four equivalence classes based on the given rules:

- \* Valid ZIP code format and valid ZIP code value (e.g., 12345)
- \* Valid ZIP code format and invalid ZIP code value (e.g., 99999)
- \* Invalid ZIP code format and valid ZIP code value (e.g., 1234)
- \* Invalid ZIP code format and invalid ZIP code value (e.g., ABCDE)

Therefore, four test cases are required to test this field, one for each equivalence class. Verified References: [A Study Guide to the ISTQB Foundation Level 2018 Syllabus - Springer], Chapter 4, page 37-38.

### **NEW QUESTION # 118**

Software was found to take much more time than the stated requirement of less than one second to save a file.

Upon investigation it was found that there was an unnecessary check inside a loop which was slowing down the file-save operation. The software not being able to meet the desired response time is an example of

- A. Failure
- B. Defect
- C. It is not a defect
- D. Error

### **Answer: A**

Explanation:

A failure is an event in which a component or system does not perform a required function within specified limits. A failure is observable by the software users or other stakeholders. A failure is caused by one or more defects in the software. In this case, the software not being able to meet the desired response time is an example of a failure, as it deviates from the stated requirement and affects the user experience. It is not a defect, which is a flaw in the software that causes the failure. It is not an error, which is a human action that produces an incorrect result. It is not a non-defect, as it clearly violates a specified requirement. Verified References: [A Study Guide to the ISTQB Foundation Level 2018 Syllabus - Springer], Chapter 1, page 4.

### **NEW QUESTION # 119**

.....

Will you feel that the product you have brought is not suitable for you? One trait of our ISTQB-CTFL exam prepare is that you can freely download a demo to have a try. Because there are excellent free trial services provided by our ISTQB-CTFL exam guides, our products will provide three demos that specially designed to help you pick the one you are satisfied. On the one hand, by the free trial services you can get close contact with our products, learn about the detailed information of our ISTQB-CTFL Study Materials, and know how to choose the right version of our ISTQB-CTFL exam questions.

**ISTQB-CTFL Reliable Test Book:** <https://www.prep4king.com/ISTQB-CTFL-exam-prep-material.html>

ISTQB-CTFL online test engine enable you to review anytime anywhere, no matter on bus, in restaurant, or on bed. Actually, you don't worry, ISTQB ISTQB-CTFL Reliable Test Book committed to give you full refund if you fail the ISTQB-CTFL Reliable Test Book - ISTQB Certified Tester Foundation Level (CTFL v4.0) exam test. If you determine to upgrade yourself from passing ISTQB-CTFL certification with ISTQB-CTFL real dumps, our test prep will be a wise select for you. Therefore choosing a certificate exam which boosts great values to attend is extremely important for them and the test ISTQB ISTQB-CTFL Reliable Test Book certification is one of them.

Connecting to an iPod-Enabled Car, IT professionals ISTQB-CTFL Reliable Test Book obtain certifications that translate into better jobs, more respect, and higher salaries and bonuses, ISTQB-CTFL Online Test engine enable you to review anytime anywhere, no matter on bus, in restaurant, or on bed.

## **2026 Excellent ISTQB-CTFL Exam Questions Fee Help You Pass ISTQB-CTFL Easily**

Actually, you don't worry, ISTQB committed ISTQB-CTFL Detailed Study Dumps to give you full refund if you fail the ISTQB Certified Tester Foundation Level (CTFL v4.0) exam test, If you determine to upgrade yourself from passing ISTQB-CTFL certification with ISTQB-CTFL real dumps, our test prep will be a wise select for you.

Therefore choosing a certificate exam which boosts ISTQB-CTFL great values to attend is extremely important for them and the test ISTQB certification is one of them. The latest ISTQB ISTQB-CTFL exam dumps are the right option for you to prepare for the ISTQB ISTQB-CTFL certification test at home.
