Skills tested in Exam MB-800.

To successfully write the MB-800 on their first attempt, candidates must have in-depth knowledge of meeting user needs with the Business Central application, including basic knowledge of financial management, purchasing, sales, and inventory. That's why, this test covers four major knowledge categories, under which are also more specific skills and tasks that will be put to the exam, including:

- The set-up of Business Central (20 - 25%). In other words, each candidate will prove his or her skills how to create and configure a new company, how to set up core app functionality, dimensions alongside security management.
- Performing Business Central operations (30 - 35%). And as a result, candidates should demonstrate how to perform basic tasks in Business Central, purchase and sell items in parallel with inventory costing management.
- Configuring sales and purchases (10 - 15%). Then, the applicant will show an ability to set up inventory, configure pricing and discounts, as well as master data for sales & purchasing.
- Configuring financials (25 - 30%). It means that you should configure the chart of accounts, set up the Finance module, accounts, and posting groups on the associate level.

Microsoft MB-800 Exam evaluates the candidate's knowledge of Business Central modules, including finance, sales, purchasing, inventory, and manufacturing. MB-800 exam also tests the candidate's proficiency in designing business processes, creating customizations, and configuring Business Central for clients. Microsoft Dynamics 365 Business Central Functional Consultant certification is ideal for professionals with experience in accounting, finance, and business operations.

To increase your possibilities, you should consider using the exam dumps provided by us.

Microsoft Dynamics 365 Business Central Functional Consultant Sample Questions (Q286-Q291):

NEW QUESTION # 286

You are performing actions on posted sales invoices.

You need to correct any identified errors.

Which actions should you perform? To answer, drag the action buttons to the correct requirements. Each action button may be used once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

NEW QUESTION # 287

You need to configure the system to meet the requirements for received items.

What should you do?

- A. Turn on Automatic Cost Posting
- B. Set the value of the Automatic Cost Adjustment option to Always
- **C. Turn on Expected Cost Posting**
- D. Set the default costing method to Standard

Answer: C

Explanation:

The scenario mentions that the company needs to properly record received items before invoices arrive.

In Business Central, enabling Expected Cost Posting ensures that receipts (goods received but not invoiced) are reflected in both inventory and the general ledger.

This avoids the need for a manual accrual process (one of the issues in the case study) and satisfies the requirement to record accounting impact for items received but not yet invoiced.

Other options:

- A). Standard Costing is unrelated (they need FIFO/average etc. for produce).
 - B). Automatic Cost Posting just posts automatically but doesn't address received-not-invoiced.
 - D). Automatic Cost Adjustment = Always updates inventory values for costing, not expected costs.

NEW QUESTION # 288

A company uses Dynamics 365 Business Central.

A purchaser receives a price list workbook from a vendor.

You need to upload prices to the system.

Which two types of price data can you load? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- A. Customer price group
- B. Campaign
- C. Unit of Measure code
- D. Item No.

Answer: C,D

NEW QUESTION # 289

You are performing actions on posted sales invoices.

You need to correct any identified errors.

Which actions should you perform? To answer, drag the action buttons to the correct requirements. Each action button may be used once, or not at all. You may need to drag the split bar between panes or scroll to view content.
