

# 2026 NCP-CN Real Dumps | Efficient NCP-CN 100% Free Test Sample Online

P.S. Free & New NCP-CN dumps are available on Google Drive shared by TestPassed: <https://drive.google.com/open?id=1b-oInjE59exLQecZP1KP0-3H49R8VNRg>

In order to cater to different consumption needs for different customers, we have three versions for NCP-CN exam brindumps, hence you can choose the version according to your own needs. NCP-CN PDF version is printable, if you choose it you can take the paper one with you, and you can practice it anytime. NCP-CN soft test engine can stimulate the test environment, and you will be familiar with the test environment by using it. NCP-CN online test engine support all web browsers, and you can use this version in your phone.

## Nutanix NCP-CN Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• <b>Conduct NKP Fleet Management:</b> This section tests the abilities of platform administrators and cloud operations engineers in managing multiple clusters as a fleet. It focuses on configuring workspaces to organize clusters, deploying workload clusters within these workspaces, and attaching or detaching clusters as needed. Additionally, candidates must be able to configure projects for workload segmentation and manage platform applications that support the overall NKP environment.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• <b>Prepare the Environment for an NKP Deployment:</b> This section of the exam measures the skills of infrastructure engineers and cloud administrators and covers the initial setup tasks needed for NKP deployment. Candidates must demonstrate the ability to seed a private container registry, create a bootstrap Kubernetes cluster, and determine license tiers suitable for clusters. They also need to prepare a bastion host for secure access, build machine images or prepare nodes for deployment, and gather all necessary information to build a cluster on the target cloud or on-premises provider.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>• <b>Perform Day 2 Operations:</b> This part assesses the expertise of site reliability engineers and cluster operators in ongoing cluster management tasks after deployment. It includes configuring authentication and authorization mechanisms, setting up logging systems, and implementing cluster backup and recovery procedures. Candidates also need to demonstrate skills in monitoring cluster performance and health, configuring autoscaling to handle workload changes, and performing lifecycle management functions such as upgrades and maintenance.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>• <b>Manage Building an NKP Cluster:</b> This section evaluates the skills of Kubernetes administrators and platform engineers in customizing and deploying NKP clusters. Candidates must show proficiency in tailoring cluster configurations to meet specific requirements and deploying Kommander, the management platform, while applying the appropriate licenses to enable cluster features and management capabilities.</li> </ul>

## NCP-CN Test Sample Online & NCP-CN Exam Overviews

For the peace of your mind, you can also try a free demo of Nutanix NCP-CN Dumps practice material. You will not find such affordable and latest material for Nutanix certification exam anywhere else. Don't miss these incredible offers. Order real Nutanix NCP-CN Exam Questions today and start preparation for the certification exam.

## Nutanix Certified Professional - Cloud Native v6.10 Sample Questions (Q33-Q38):

### NEW QUESTION # 33

A company has a new DevOps team that needs to be provided cloud native computing resources. This team will need to have access to multiple NKP clusters for development, testing and validation of an in-house application. However, they also need to be restricted to a specific namespace and a consistent level of access across the clusters within this namespace so that they do not adversely impact the environment of other user groups or the clusters themselves.

As a part of this consideration, the new team also needs to be limited to the amount of storage, CPU and memory they can consume on the clusters. A Platform Engineer has been tasked with providing the appropriate level of access to the team on these multiple NKP clusters.

How should the engineer best accomplish this task?

- A. 1.Create an NKP project and assign the NKP clusters to it.2.Create quotas for the NKP project.3.Create an NKP group for the DevOps team.4.Assign that NKP group the proper RBAC roles within that NKP project.
- **B. 1.Create an NKP group for the DevOps team.2.Assign that NKP group the proper RBAC roles in the NKP UI.3.Select the export to yaml option once the RBAC role assignment to that NKP group is complete.4.Apply the exported manifest to each of the NKP clusters using kubectl.**
- C. 1.Create an NKP workspace and assign the NKP clusters to it.2.Create quotas for the NKP workspace.3.Create an NKP group for the DevOps team.4.Assign that NKP group the proper RBAC roles within that NKP workspace.
- D. 1.Enable Gatekeeper on the NKP clusters.2.Create an NKP group for the DevOps team.3.Assign Gatekeeper quota and authorization policies to that NKP group.

**Answer: B**

### NEW QUESTION # 34

A Platform Engineer manages an NKP v2.12.x environment and is using NKP Image Builder (NIB) to create a custom image. Which two distributions are available for use by the engineer for this task? (Choose two.)

- A. CentOS
- **B. Rocky Linux**
- C. Fedora
- **D. Ubuntu**

**Answer: B,D**

### NEW QUESTION # 35

A Platform Engineer is running a Kubernetes cluster version 1.28.1 on AWS that needs to be upgraded to version 1.29.9. This cluster was deployed with Nutanix NKP. Which two actions should the engineer take to complete this requirement? (Choose two.)

- A. Upgrade the Cluster with `nkp update cluster aws --cluster-name=${CLUSTER_NAME} --ami AMI_ID --kubernetes-`

version=v1.29.9

- B. Upgrade Workers with nkp upgrade nodepool aws \${NODEPOOL\_NAME} --cluster-name=\${CLUSTER\_NAME} --kubernetes-version=v1.29.9
- C. Upgrade Workers with nkp update nodepool aws \${NODEPOOL\_NAME} --cluster-name=\${CLUSTER\_NAME} --kubernetes-version=v1.29.9
- D. Upgrade Control Planes with nkp update controlplane aws --cluster-name=\${CLUSTER\_NAME} --ami AMI\_ID --kubernetes-version=v1.29.9

**Answer: B,D**

#### NEW QUESTION # 36

A company has different Kubernetes clusters for different business units. Every business unit has separate Kubernetes clusters for production and development because the software deployed in production is different than development. Now, all production clusters for all business units are standardized and all clusters for development are standardized as well.

The company recently acquired NKP Ultimate licenses for all Kubernetes clusters.

How can the company control the standard configuration for both environments in all clusters (production and development)?

- A. Install Flux in every Kubernetes cluster with the appropriate kustomize.yaml, with nkp install flux --kustomize=kustomize.yaml --kubeconfig=<cluster>.conf
- B. Install Flux in every Kubernetes cluster and configure the appropriate kustomize.yaml in every Kubernetes cluster.
- C. Configure a production workspace and a development workspace and attach each Kubernetes cluster to the corresponding workspace.
- D. Create new Kubernetes clusters for production and development with NKP for every business unit.

**Answer: C**

#### NEW QUESTION # 37

A Platform Engineer is attempting to delete an attached cluster from the NKP UI, but it is stuck in a 'deleting' state and does not get removed. How can the engineer resolve this attempt to detach the cluster so that it is removed from the UI and no longer managed by NKP?

- A. Run the kubectl delete cluster command in the context of the NKP management cluster.
- B. Run the nkp delete cluster command in the context of the NKP attached cluster.
- C. Run the kubectl delete kommandercluster command in the context of the NKP management cluster.
- D. Run the nkp delete kommandercluster command in the context of the NKP attached cluster.

**Answer: C**

#### NEW QUESTION # 38

.....

You may feel astonished and doubtful about this figure; but we do make our NCP-CN exam dumps well received by most customers. Better still, the 98-99% pass rate has helped most of the candidates get the certification successfully, which is far beyond that of others in this field. In recent years, supported by our professional expert team, our NCP-CN test braindumps have grown up and have made huge progress. We pay emphasis on variety of situations and adopt corresponding methods to deal with. More successful cases of passing the NCP-CN Exam can be found and can prove our powerful strength. As a matter of fact, since the establishment, we have won wonderful feedback and ceaseless business, continuously working on developing our NCP-CN test prep. We have been specializing NCP-CN exam dumps many years and have a great deal of long-term old clients, and we would like to be a reliable cooperator on your learning path and in your further development.
