DAMA DMF-1220 (Data Management Fundamentals) Certification Exam is a professional certification that validates one's knowledge and understanding of the fundamental principles and practices of data management. DAMA International, the global organization for data management professionals, developed this certification to establish a standard for data management knowledge and to recognize individuals who possess the necessary skills and expertise in this field.

The DMF-1220 Exam consists of 100 multiple-choice questions and lasts for two hours. DMF-1220 Exam is computer-based and can be taken at a Prometric testing center. Individuals who pass the exam are awarded the DAMA Certified Data Management Professional (CDMP) designation, which is a globally recognized certification in the field of data management. Overall, the DMF-1220 Exam is an excellent opportunity for individuals who want to demonstrate their knowledge and commitment to the field of data management.
