SAP C-HRHP-2505 考試大綱：

主題	簡介
主題 1	Integration Employee Central Payroll and SAP Financials: This section of the exam measures the skills of integration analysts and covers the configuration and data mapping required for connecting payroll data from Employee Central Payroll to SAP Financials. It addresses how payroll-related cost and liability data flow into the financial system.
主題 2	Provisioning Settings for Employee Central Payroll: This section of the exam measures the skills of integration analysts and covers the provisioning-level configurations required to enable Employee Central Payroll functionality. It includes system setup tasks that must be completed during the initial implementation to ensure the system is payroll-ready.
主題 3	Point-to-Point Integration (Employee Central, Employee Central Configuration)
主題 4	Declassified Payroll Results: This section of the exam measures the skills of payroll implementation consultants and covers the concept and use of declassified payroll results. It introduces how payroll data is stored and accessed more efficiently for reporting and auditing in SAP's modern payroll architecture.

主題 5	Point-to-Point Integration (Employee Central, Employee Central Time Off): This section of the exam measures the skills of integration analysts and covers the synchronization between Employee Central Time Off and payroll systems through direct integration. It focuses on how leave and absence data are transferred and calculated accurately in payroll.
主題 6	Payroll Processing: This section of the exam measures the skills of payroll implementation consultants and covers the basic concepts and steps involved in executing payroll processes within Employee Central Payroll. It ensures that the candidate understands how payroll runs are initiated and how results are processed accurately using SAP tools.
