Successful people are those who are willing to make efforts. If you have never experienced the wind and rain, you will never see the rainbow. Giving is proportional to the reward. Now, our 300-410 study materials just need you spend less time, then your life will take place great changes. Our company has mastered the core technology of the 300-410 Study Materials. What's more, your main purpose is to get the certificate quickly and easily. Our goal is to aid your preparation of the 300-410 exam. Our study materials are an indispensable helper for you anyway. Please pay close attention to our 300-410 study materials.

Cisco Implementing Cisco Enterprise Advanced Routing and Services Sample Questions (Q195-Q200):

NEW QUESTION # 195

Which statement about IPv6 RA Guard is true?

- A. It cannot be configured on a switch port interface in the ingress direction.
- B. It is not supported in hardware when TCAM is programmed.
- **C. It does not offer protection in environments where IPv6 traffic is tunneled**
- D. Packets that are dropped by IPv6 RA Guard cannot be spanned.

Answer: C

NEW QUESTION # 196

Refer to the exhibit.

Refer to the exhibit The remote branch locations have a static neighbor relationship configured to R1 only R1 has successful neighbor relationships with the remote locations of R2 and R3, but the end users cannot communicate with each other. Which configuration resolves the issue?

- A. Option D
- B. Option A
- C. Option B
- D. Option C
- **E. Option E**

Answer: E

NEW QUESTION # 197

Refer to the exhibit. The network administrator configured the branch router for IPv6 on the E 0/0 interface The neighboring router is fully configured to meet requirements, but the neighbor relationship is not coming up. Which action fixes the problem on the branch router to bring the IPv6 neighbors up?

- A. Disable OSPF for IPv4 using the no ospfv3 4 area 0 ipv4 command under the E 0/0 interface.
- B. Enable the IPv4 address family under the E 0/0 interface by using the address-family Ipv4 unicast command
- **C. Enable the IPv4 address family under the router ospfv3 4 process by using the address-family ipv4 unicast command**
- D. Disable IPv6 on the E 0/0 interface using the no ipv6 enable command

Answer: C

Explanation:

Once again, Cisco changed the IOS configuration commands required for OSPFv3 configuration. The new OSPFv3 configuration uses the "ospfv3" keyword instead of the earlier "ipv6 router ospf" routing process command and "ipv6 ospf" interface commands. The Open Shortest Path First version 3 (OSPFv3) address families feature enables both IPv4 and IPv6 unicast traffic to be supported. With this feature, users may have two processes per interface, but only one process per address family (AF).

NEW QUESTION # 198

Refer to the exhibit. An engineer implemented CoPP to limit Telnet traffic to protect the router CPU. It was noticed that the Telnet traffic did not pass through CoPP.

Which configuration resolves the issue?

- A. policy-map COPP
class TELNET
police 8000 conform-action transmit exceed-action transmit
- B. ip access-list extended TELNET
permit tcp host 10.2.2.1 host 10.2.2.4 eq telnet
permit tcp host 10.1.1.1 host 10.1.1.3 eq telnet
- C. ip access-list extended TELNET
permit tcp host 10.2.2.4 host 10.2.2.1 eq telnet
permit tcp host 10.1.1.3 host 10.1.1.1 eq telnet
- D. policy-map COPP
class TELNET
police 8000 conform-action transmit exceed-action transmit violate-action drop

Answer: C

Explanation:

To avoid matching the filtering and policing that are configured in a subsequent class, configure policing in each class. CoPP does not apply the filtering in a class that does not contain a police command. A class without a police command matches no traffic.

NEW QUESTION # 199

Drag and drop the MPLS VPN concepts from the left onto the correct descriptions on the right.

Answer:

Explanation:

NEW QUESTION # 200

.....

As is known to us, perfect after-sales service for buyers is a very high value. Our 300-410 Guide Torrent not only has the high quality and efficiency but also the perfect service system after sale. Our 300-410 exam questions can help you save much time, if you use our products, you just need to spend 20-30 hours on learning, and you will pass your exam successfully. What most important is that you can download our study materials about 5~10 minutes after you purchase.
