

FCSS_SDW_AR-7.6 Latest Exam Vce, Reliable FCSS_SDW_AR-7.6 Test Bootcamp

What's more, part of that PassLeaderVCE FCSS_SDW_AR-7.6 dumps now are free: https://drive.google.com/open?id=1vRbt_sgKf-oUHIxmkzhK_4hcUJT7T_nG

The PDF version of FCSS_SDW_AR-7.6 training materials supports download and printing, so its trial version also supports. You can learn about the usage and characteristics of our FCSS_SDW_AR-7.6 learning guide in various trial versions, so as to choose one of your favorite in formal purchase. In fact, all three versions contain the same questions and answers. You can either choose one or all three after payment. I believe you can feel the power of our FCSS_SDW_AR-7.6 Preparation prep in these trial versions.

The price for FCSS_SDW_AR-7.6 learning materials is reasonable, and no matter you are a student or an employee, you can afford the expense. In addition, FCSS_SDW_AR-7.6 exam dumps are edited by professional experts, and therefore the quality can be guaranteed. FCSS_SDW_AR-7.6 exam materials cover most of the knowledge points for the exam, and you can master them through study. In order to let you know the latest information for the exam, we offer you free update for 365 days after purchasing, and the update version for FCSS_SDW_AR-7.6 Exam Dumps will be sent to you automatically.

FCSS_SDW_AR-7.6 Latest Exam Vce - Fortinet Reliable FCSS_SDW_AR-7.6 Test Bootcamp: FCSS - SD-WAN 7.6 Architect Pass Success

Nowadays, flexible study methods become more and more popular with the development of the electronic products. The latest technologies have been applied to our FCSS_SDW_AR-7.6 actual exam as well since we are at the most leading position in this field. Besides, you have varied choices for there are three versions of our FCSS_SDW_AR-7.6 practice materials. At the same time, you are bound to pass the FCSS_SDW_AR-7.6 exam and get your desired FCSS_SDW_AR-7.6 certification for the validity and accuracy of our FCSS_SDW_AR-7.6 study materials.

Fortinet FCSS - SD-WAN 7.6 Architect Sample Questions (Q41-Q46):

NEW QUESTION # 41

The SD-WAN overlay template helps to prepare SD-WAN deployments. To complete the tasks performed by the SD-WAN overlay template, the administrator must perform some post-run tasks.

What are two mandatory post-run tasks that must be performed? (Choose two.)

- A. Configure SD-WAN rules.
- B. Configure routing through the overlay tunnels created by the SD-WAN overlay template.
- C. Assign a hub id metadata variable to each hub device.
- D. Create policy packages and assign them to the branch devices.
- E. Assign an sdwan_id metadata variable to each device (branch and hub).

Answer: A,D

Explanation:

On page 76 in the Study Guide:

"You must define a unique branch ID value for each branch device"

"Mandatory . . .

- Configure the SD-WAN rules by editing the SD-WAN template
- Create policy packages for branch and hub devices"

NEW QUESTION # 42

Refer to the exhibit. The administrator configured the SD-WAN rule ID 4 with two members (port1 and port2) and strategy lowest cost (SLA).

What are the two characteristics of the session shown in the exhibit? (Choose two.)

```
# diagnose sys session list
session info: proto=6 prote_state=11 duration=180 expire=3424 timeout=3600
refresh_dir=both flags=00000000 socktype=0 sockport=0 av_idx=0 use=4
origin-shaper=
reply-shaper=
per_ip_shaper=
class_id=0 ha_id=0 policy_dir=0 tunnel=/ vlan_cos=0/0
state=log may dirty ndr f00 app_valid route preserve
statistic (bytes/packets/allow_err): org=3369/19/1 reply=3881/19/1 tuples=3
tx speed(Bps/kbps): 0/0 rx speed(Bps/kbps): 0/0
origin->sink: org pre->post, reply pre->post dev=7->3/3->7 gwy=192.2.0.2/0.0.0.0
hook=post dir=org act=snat 10.0.1.101:58630->128.66.0.1:22 (192.2.0.100:58630)
hook=pre dir=reply act=dnat 128.66.0.1:22->192.2.0.100:58360 (10.0.1.101:58360)
hook=post dir=reply act=noop 128.66.0.1:22->10.0.1.101:58630 (0.0.0.0:0)
pos/ (before, after) 0/(0,0), 0/(0,0)
misc=0 policy_id=1 pol_uid_idx=15844 auth_info=0 chk_client_info=0 vd=0
serial=00000c0c tos=ff/ff app_list=2000 app=16060 url_cat=0
sdwan_mbr_seq=1 sdwan_service_id=4
rpd_b_link_id=ff000004 ngfwid=n/a
npu_stave=0x001108
no_offload_reason: redir-to-ips denied-by-nturbo
```

- A. FortiGate will re-evaluate this session if the outgoing interface goes down.
- B. FortiGate will never re-evaluate this session.
- C. FortiGate steered this flow according to the application detected and the outgoing interface is port3.
- D. FortiGate steered this flow according to an SD-WAN rule.

Answer: A,D

Explanation:

The line `sdwan_mbr_seq=1 sdwan_service_id=4` indicates that this session is part of an SD-WAN rule. `sdwan_service_id=4` confirms that the session is being handled by SD-WAN rule ID 4. This directly links the flow to the SD-WAN configuration.

The line `no_offload_reason: redir-to-ips denied-by-nturbo` shows that the session is not offloaded to the NPU (Network Processing Unit) and is being processed by the main CPU. A session that is not offloaded can be re-evaluated. If the outgoing interface (the one currently being used) goes down, the FortiGate will re-evaluate the session against the SD-WAN rules to find a new active member to steer the traffic through. This is a fundamental behavior of SD-WAN, which ensures network resilience.

NEW QUESTION # 43

Refer to the exhibit. The exhibit shows output of the command `diagnose sys sdwan service4` collected on a FortiGate device. The administrator wants to know through which interface FortiGate will steer traffic from local users on subnet 10.0.1.0/255.255.255.192 and with a destination of the social media application Facebook.

Based on the exhibits, which two statements are correct? (Choose two.)

Diagnose output

```
fgt1_1 # diagnose sys sdwan service4

Service(1): Address Mode(IPV4) flags=0x4200 use-shortcut-sla use-shortcut
Tie break: cfg
Shortcut priority: 2
Gen(1), TOS(0x0/0x0), Protocol(0): src(1->65535):dst(1->65535), Mode(priority),

Dst address(1):
  0.0.0.0-255.255.255.255
```

- A. There is no service defined for the Facebook application, so FortiGate applies service rule 3 and directs the traffic to headquarters.
- B. FortiGate steers traffic for social media applications according to the service rule 2 and steers traffic through port2.
- C. When FortiGate cannot recognize the application of the flow, it load balances the traffic through the tunnels HQ_T1, HQ_T2, HQ_T3.
- D. When FortiGate cannot recognize the application of the flow, it steers the traffic through the preferred member of rule 3, HQ_T1.

Answer: B,C

Explanation:

Service rule 2 includes Social.Media (0,23), which matches Facebook, and only port2 is selected and alive.

If the application is not identified, service rule 3 (with mode=round-robin) distributes traffic across HQ_T1, HQ_T2, and HQ_T3.

NEW QUESTION # 44

An administrator is configuring SD-WAN to load balance their network traffic. Which two things should they consider when setting up SD-WAN? (Choose two.)

- A. Only the manual and best-quality strategies allow SD-WAN load balancing.
- B. You can select the outbound hash mode with all strategies that allow load balancing.
- C. SD-WAN load balancing is possible only using the best quality and lowest cost (SLA) strategies.
- D. When applicable, FortiGate load balances the traffic through all members that meet the SLA target.

Answer: B,D

Explanation:

FortiGate load balances traffic across all members that meet the SLA targets, depending on the strategy used. The outbandwidth hash mode can be selected with load-balancing strategies to distribute traffic based on flow characteristics.

NEW QUESTION # 45

Refer to the exhibit. The administrator analyzed the traffic between a branch FortiGate and the server located in the data center, and noticed the behavior shown in the diagram. When the LAN clients located behind FGT1 establish a session to a server behind DC-1, the administrator observes that, on DC-1, the reply traffic is routed over T2, even though T1 is the preferred member in the matching SD-WAN rule.

What can the administrator do to instruct DC-1 to route the reply traffic through the member with the best performance?

- A. Enable reply-session under config system sdwan.
- B. FortiGate route lookup for reply traffic only considers routes over the original ingress interface.
- C. Enable snat-route-change under config system global.
- **D. Enable auxiliary-session under config system settings.**

Answer: D

Explanation:

To ensure DC-1 responds via the best-performing SD-WAN member (T1) instead of defaulting to T2, enable auxiliary-session under config system settings, so reply traffic is evaluated against current route policies-not bound to the ingress interface.

NEW QUESTION # 46

.....

When we choose the employment work, you will meet a bottleneck, how to let a company to choose you to be a part of him? We would say ability, so how does that show up? There seems to be only one quantifiable standard to help us get a more competitive job, which is to get the test FCSS_SDW_AR-7.6 certification and obtain a qualification. If you want to have a good employment platform, then take office at the same time there is a great place to find that we have to pay attention to the importance of qualification examination.

Reliable FCSS_SDW_AR-7.6 Test Bootcamp: https://www.passleadervce.com/Fortinet-Certified-Solution-Specialist/reliable-FCSS_SDW_AR-7.6-exam-learning-guide.html

With PassLeaderVCE Reliable FCSS_SDW_AR-7.6 Test Bootcamp your dreams can be achieved immediately, Fortinet FCSS_SDW_AR-7.6 Latest Exam Vce Besides, we ensure you a flawless shopping experience by Credit Card, Our PassLeaderVCE Reliable FCSS_SDW_AR-7.6 Test Bootcamp provide the most comprehensive information and update fastest, FCSS_SDW_AR-7.6 exam is around the corner, why don't you come here and try our cram for FCSS_SDW_AR-7.6 certification exams, Also we provide one year free updates of FCSS_SDW_AR-7.6 learning guide if we release new version in one year, our system will send the link of the latest version of our FCSS_SDW_AR-7.6 training braindump to your email box for your downloading.

All you need is your e-mail address to subscribe to any of our newsletters, Reliable FCSS_SDW_AR-7.6 Test Bootcamp This means that the jQuery library also has to be located in exactly that place, With PassLeaderVCE your dreams can be achieved immediately.

100% Pass Quiz Authoritative Fortinet - FCSS_SDW_AR-7.6 - FCSS - SD-WAN 7.6 Architect Latest Exam Vce

Besides, we ensure you a flawless shopping experience FCSS_SDW_AR-7.6 by Credit Card, Our PassLeaderVCE provide the most comprehensive information and update fastest, FCSS_SDW_AR-7.6 exam is around the corner, why don't you come here and try our cram for FCSS_SDW_AR-7.6 certification exams?

Also we provide one year free updates of FCSS_SDW_AR-7.6 learning guide if we release new version in one year, our system will send the link of the latest version of our FCSS_SDW_AR-7.6 training braindump to your email box for your downloading.
