NEW QUESTION # 83

You are trying to extend a G/L account to a new company code but are getting an error for incomplete data.

All customizable fields have been set to option in the field status.

Which fields must you always maintain when extending a G/L account? Note: There are 2 correct answers to this question.

- **A. Field status group**
- B. Account number
- C. Sort key
- **D. Account currency**

Answer: A,D

Explanation:

When extending a G/L account to a new company code in SAP, it is essential to maintain certain mandatory fields even if all customizable fields are set to optional in the field status. These fields ensure that the account is properly configured for financial transactions.

* Account Currency: This field specifies the currency in which the account is maintained. It is crucial for financial reporting and transaction processing.

* Transaction Code: FS00

* Steps:

* Enter the G/L account and the company code.

* Navigate to the "Currency/Tax" tab.

* Enter the appropriate account currency.

* Field Status Group: This field controls the input fields during document entry. It determines which fields are required, optional, or suppressed.

* Transaction Code: FS00

* Steps:

* Enter the G/L account and the company code.

* Navigate to the "Control Data" tab.

* Select the field status group relevant to the account.

Without maintaining these fields, the G/L account setup will be incomplete, and you will encounter errors during transactions.
