

# ZDTA Test Question, Examcollection ZDTA Dumps Torrent

BONUS!!! Download part of ITExamDownload ZDTA dumps for free: [https://drive.google.com/open?id=1rPCOmluMLz\\_J9IUejUe\\_U07YWSyijxWB](https://drive.google.com/open?id=1rPCOmluMLz_J9IUejUe_U07YWSyijxWB)

ITExamDownload Zscaler exam study material can simulate the actual test and give you an interactive experience during the practice. When you choose our ZDTA valid training dumps, you will enjoy one year free update for ZDTA PdfTorrent without any additional cost. These updates are meant to reflect any changes related to the ZDTA actual test. 100% pass is an easy thing for you.

## Zscaler ZDTA Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Zscaler Digital Experience: This section evaluates Network Performance Analysts on their knowledge of Zscaler Digital Experience (ZDX), including understanding the ZDX score, architectural overview, features, functionalities, and practical use cases to optimize digital user experiences.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• This section assesses Data Protection Officers on techniques to secure data across motion, SaaS, cloud, and endpoints using Zscaler's AI-driven data discovery and data protection technologies. It involves securing BYOD environments and understanding risk management to protect sensitive information.</li></ul>

Topic 3	<ul style="list-style-type: none"> <li>• Cyberthreat Protection Services: This domain targets Cybersecurity Analysts and covers broad cybersecurity fundamentals and advanced threat protection capabilities. Candidates must know about malware protection, intrusion prevention systems, command and control channel detection, deception technologies, identity threat detection and response, browser isolation, and incident detection and response.</li> <li>• Data Protection Services</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• Connectivity Services: This domain evaluates Network Security Engineers on configuring and managing connectivity essentials like device posture assessment, trusted network definitions, browser access controls, and TLS</li> <li>• SSL inspection deployment. It also includes applying policy frameworks focused on authentication and enforcement for internet access, private access, and digital experience.</li> </ul>

### >> ZDTA Test Question <<

## Three Versions Of Updated Zscaler ZDTA Exam Dumps

How to get the test ZDTA certification in a short time, which determines enough qualification certificates to test our learning ability and application level. This may be a contradiction of the problem, we hope to be able to spend less time and energy to take into account the test ZDTA Certification, but the qualification examination of the learning process is very wasted energy, so how to achieve the balance? Our ZDTA exam prep can be done with its high-efficient merit. Try it now!

## Zscaler Digital Transformation Administrator Sample Questions (Q62-Q67):

### NEW QUESTION # 62

What mechanism identifies the ZIA Service Edge node that the Zscaler Client Connector should connect to?

- A. The PAC file used in the Forwarding Profile
- B. The IP ranges included/excluded in the App Profile
- C. The PAC file used in the Application Profile
- D. The Machine Key used in the Application Profile

**Answer: A**

### NEW QUESTION # 63

Which Zscaler forwarding mechanism creates a loopback address on the machine to forward the traffic towards Zscaler cloud?

- A. Enforced PAC mode
- B. ZTunnel - Route Based
- C. ZTunnel with Local Proxy
- D. ZTunnel - Packet Filter Based

**Answer: C**

Explanation:

The forwarding mechanism called ZTunnel with Local Proxy creates a loopback address on the machine to forward traffic to the Zscaler cloud. This local proxy intercepts client traffic on the loopback interface and securely forwards it through the Zscaler cloud, providing flexibility and control over traffic forwarding.

### NEW QUESTION # 64

When the Zscaler Client Connector launches, which portal does it initially interact with to understand the user's domain and identity provider (IdP)?

- A. Zscaler Private Access (ZPA) Portal
- B. Zscaler Client Connector Portal
- C. Zscaler Central Authority

- D. Zscaler Internet Access (ZIA) Portal

**Answer: C**

Explanation:

When the Zscaler Client Connector launches, it initially interacts with the Zscaler Central Authority portal.

This portal provides the Client Connector with information about the user's domain and the configured identity provider (IdP). This interaction allows the Client Connector to direct the user to the appropriate authentication endpoint and apply the correct access policies.

The study guide emphasizes the role of the Central Authority in managing user domain information and identity provider details for authentication flows.

#### NEW QUESTION # 65

How does a Zscaler administrator troubleshoot a certificate pinned application?

- A. They could look into the SaaS application analytics tab.
- B. They could inspect the ZIA Web Policy.
- C. They could reboot the endpoint device.
- D. They could look at SSL logs for a failed client handshake.

**Answer: D**

Explanation:

Certificate pinning prevents SSL interception by validating a server's certificate against known values. When ZIA performs SSL inspection, it substitutes the certificate with one signed by Zscaler's CA. This causes the handshake to fail for pinned applications. To troubleshoot, an administrator should review SSL logs to identify handshake failures, which indicate certificate pinning issues. Logs will show the TLS negotiation details, including any disruptions.

#### NEW QUESTION # 66

What does Advanced Threat Protection defend users from?

- A. Command injection attacks
- B. Large iFrames
- C. Malicious active content
- D. Vulnerable JavaScripts

**Answer: C**

Explanation:

Advanced Threat Protection (ATP) defends users from malicious active content, which includes malware, exploit kits, malicious scripts, and other forms of active content designed to compromise user systems. ATP employs multiple techniques such as sandboxing, malware scanning, and threat intelligence to detect and block these threats before they reach the user.

#### NEW QUESTION # 67

.....

Because our loyal customers trust in our ZDTA practice materials, they also introduced us to many users. You can see that so many people are already ahead of you! You really don't have time to hesitate. If you really want to improve your ability, you should quickly purchase our ZDTA study braindumps! And you will know that the high quality of our ZDTA learning guide as long as you free download the demos before you pay for it.
