NMLS Mortgage Loan Origination (SAFE MLO) Exam MLO Prüfungsfragen mit Lösungen (Q54-Q59):

54. Frage

The ability to originate loans under temporary authority applies to which of the following?

- A. An MLO who is still waiting for their credit check to be completed
- B. An MLO who has scheduled their test but not completed it
- **C. Previously registered mortgage loan originators (MLOs)**
- D. Previously licensed real estate brokers

Antwort: C

Begründung:

Temporary authority to originate loans applies to registered MLOs (from a depository institution) who become employed by a state-licensed mortgage company, as well as to state-licensed MLOs seeking licensure in another state, provided they meet all SAFE Act requirements.

"Temporary authority to originate loans applies to... registered mortgage loan originators seeking state licensure and state-licensed MLOs seeking licensure in a new state."

- SAFE Act, 12 U.S.C. § 5117; NMLS Temporary Authority Guidelines

It does not apply to real estate brokers or those who have not passed required testing/background checks.

55. Frage

Which of the following statements best describes the index on an ARM?

- **A. Index rates vary as the general level of interest rates change.**
- B. The Federal Reserve adjusts the discount rate index.
- C. The index rate is fixed for the life of the loan.
- D. Mortgage lenders control the value of the index.

Antwort: A

Begründung:

The index for an adjustable-rate mortgage (ARM) is tied to a published benchmark (such as LIBOR, SOFR, or U.S. Treasury securities). Index rates fluctuate over time as the general level of interest rates in the market changes.

"The index is a published interest rate to which the interest rate on an ARM is tied. The index rate changes over time, usually in line with general market rates."

56. Frage

If a borrower is provided a written estimate of the terms or costs specific to them before they receive the Loan Estimate, the written estimate must clearly and conspicuously provide which of the following statements at the top front of the first page?

- A. "By signing, you are only confirming that you have received this form. You do not have to accept this loan because you have signed or received this form."
- **B. "Your actual rate, payment and costs could be higher. Get an official Loan Estimate before choosing a loan."**
- C. "By signing, you confirm that you have received this form. You do not have to accept this loan because you have received this form."
- D. "Your actual rate, payment and costs will be higher."

Antwort: B

Begründung:

Under Regulation Z (TRID rule), if a written estimate of terms or costs is provided before the Loan Estimate, it must state in 12-point font at the top of the first page:

"Your actual rate, payment, and costs could be higher. Get an official Loan Estimate before choosing a loan."

"If a creditor provides a written estimate of terms or costs before providing the Loan Estimate, the creditor must clearly and conspicuously state at the top of the first page in 12-point font: 'Your actual rate, payment, and costs could be higher. Get an official Loan Estimate before choosing a loan.'"

57. Frage

Which of the following property value approaches does an appraiser use on a rental property?

- A. Sales comparison approach
- **B. Annual approach**
- C. Cost approach
- B Income approach

Antwort: B

Begründung:

For rental properties, an appraiser will typically use the Income Approach to estimate the property's value.

This method is based on the income-generating potential of the property, which is most relevant for investment properties, including rentals.

* The Income Approach assesses the property's ability to generate future cash flow by evaluating the income that can be derived from renting it. The formula often involves determining the net operating income (NOI) and applying a capitalization rate (cap rate) to estimate value.

* This method is most appropriate for rental properties because their value is inherently tied to their profitability.

Other methods:

* Cost approach: More suited for unique properties or new construction.

* Sales comparison approach: Often used for owner-occupied properties, comparing recent sales of similar properties.

58. Frage

Which of the following acts or practices violates appraisal independence?

- **A. The MLO asks the appraiser for a minimum valuation of the property so that the loan-to-value meets lending requirements.**
- B. The MLO asks the appraiser to provide further detail or explanation for the appraiser's value conclusion.
- C. The MLO asks the appraiser to consider additional comparable properties to make or support an appraisal.
- D. The mortgage loan originator (MLO) asks the appraiser to correct errors on the appraisal.

Antwort: A

Begründung:

Under TILA (Regulation Z) Appraisal Independence Requirements, it is a violation for anyone (including an MLO) to influence an appraiser to obtain a minimum or target value. This includes asking for a minimum value needed to approve a loan. Requesting corrections of errors or additional information is allowed as long as it does not attempt to influence the appraiser's value conclusion.

"It is prohibited for any person to influence, coerce, or otherwise encourage an appraiser to misstate or misrepresent the value of the property."
