Reliable MB-700 Exam Registration & Answers MB-700 Free

There is no doubt that advanced technologies are playing an important role in boosting the growth of Microsoft companies. This is the reason why the employees have now started upgrading their skillset with the Microsoft Dynamics 365: Finance and Operations Apps Solution Architect (MB-700) certification exam because they want to work with those latest applications and save their jobs. They attempt the MB-700 exam to validate their skills and try to get their dream job.

Microsoft Dynamics 365: Finance and Operations Apps Solution Architect Sample Questions (Q298-Q303):

NEW QUESTION # 298
A company uses Dynamics 365 Finance.
The company wants to understand how version updates are handled.
You need to explain the version update and pause policy.
What should you conclude? To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:
Box 1: Two
Customers will be able to take up to 7 service updates per year and are required to take a minimum of 2 service updates per year.
Box 2: Three
Customers can choose to pause up to 3 consecutive updates at a time. Pausing a service update can apply to the designated user acceptance testing (UAT) sandbox, production, or both environments. After the pause window has ended and if the customer has

not self-updated to a supported service update, Microsoft will auto- apply the latest update based on the configuration selection made available in Lifecycle Services (LCS).

NEW QUESTION # 301

You need to determine user licensing options for Dynamics 365 Finance + Operations (on-premises) .
Which type of license should you recommend? To answer, drag the appropriate licenses to the correct users.
Each license may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

NEW QUESTION # 302

You need to recommend a solution to meet Margie's consolidation requirements.
What should you recommend? To answer, drag the appropriate solutions to the correct requirements. Each solution may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:
Box 1: Consolidation company
Eliminations can be reported in multiple ways:
* A separate company can be created and used to manually determine and post elimination transactions. This company can be used in the consolidation process or in financial reporting.
* Elimination rules can be set up in the system.
* The accounts and financial dimensions that are used to determine intercompany activity can be filtered on a row definition or

column definition in Financial reporting, and full drill-down capabilities can be used.

Box 2: Financial reporting

There are multiple options for consolidating data:

* Financial reporting - This option enables consolidation of transactions and balances, and can be generated at any time. Multiple levels of hierarchies can be created, and multiple reporting currencies can be viewed.

* Consolidate online - This option consolidates daily balances by the selected accounts and dimensions, and stores them in a consolidation company.

* Consolidate with import - This option imports balances into a consolidation company.

Export company balances

Note: The CEO is considering the acquisition of additional companies in the same countries as the current companies. The consolidation structure may change within the first 90 days of go-live. Margie's does not want to finalize the consolidation structure for a hard-close at month's end until this has been finalized.
