**Key 1Y0-205 Concepts, 1Y0-205 Preparation**

For most graduates who want to work in influential IT companies, they tend to choose latest Citrix 1Y0-205 vce dumps to prepare the test instead of attending training institution. As a worldwide dumps provider, we will learn about the Latest 1Y0-205 Study Materials and update questions timely to ensure that our candidates get the up-to-date 1Y0-205 pdf torrent and take exam with great confidence.

## Citrix Virtual Apps and Desktops Administration Sample Questions (Q17-Q22):

### NEW QUESTION # 17

A Citrix Administrator is concerned about the TCP overhead associated with Citrix HDX connections. There are concerns about latency and TCP overhead associated with setting up a connection to Virtual Delivery Agent (VDA) resources. What technology should be deployed to move connections to UDP and improve the quality of the user experience?

- A. HDX Adaptive Transport
- B. Microsoft Teams Optimization
- C. Citrix Optimizer
- D. Browser Content Redirection

**Answer: A**

Explanation:

HDX Adaptive Transport uses Citrix's Enlightened Data Transport (EDT) protocol, which runs over UDP instead of TCP. This reduces latency, minimizes TCP overhead, and improves the quality and responsiveness of HDX sessions, especially in high-latency or lossy network conditions.

### NEW QUESTION # 18

A Delivery Group has been created to publish APP\_A, APP\_B, and APP\_C to an AD Group called "HR." There are 10 users in the AD group (HR1-HR10). It was found that a specific user, HR10, should not have access APP\_A. What must be done to make sure the HR group can access the applications, but HR10 does not have access to APP\_A?

- A. Remove APP\_A from the Delivery Group
- B. Remove HR10 from the Delivery Group
- C. Limit Visibility on APP\_A to HR1-HR9
- D. Limit Visibility on APP\_A to HR10

**Answer: C**

Explanation:

Application visibility controls in Citrix Studio allow administrators to restrict which users or groups can see and launch specific applications. By limiting APP\_A's visibility to HR1-HR9, all HR users except HR10 retain access, ensuring the Delivery Group setup remains intact while excluding only the specified user.

### NEW QUESTION # 19

Scenario: A Citrix Administrator is working on a published application. The network is connected for 100 seconds but is interrupted and applications become unusable. The session then automatically resumes, and the administrator is able to continue working on the application at the same progress point as before the interruption.

Which policy is enabled in this scenario?

- A. Load Management
- B. Auto client reconnect
- C. Session Reliability
- D. ICA Keep Alive

**Answer: C**

### NEW QUESTION # 20

A Citrix Administrator needs to create custom Filters within Citrix Director to better monitor the infrastructure.

Which three values can the administrator choose to create the custom filters? (Choose three.)

- A. Users
- B. Connections
- C. Desktops
- D. Sessions
- E. Machines

**Answer: A,D,E**

Explanation:

In Citrix Director, administrators can create custom filters based on Users, Machines, and Sessions. These filters allow targeted monitoring and troubleshooting of specific areas within the Citrix environment.

#### NEW QUESTION # 21

Scenario: A Citrix Administrator needs to power-manage a group of Server OS Virtual Delivery Agent (VDA) machines that are all in the same Delivery Group. The administrator needs all the machines to be restarted once a week during the weekend. Additionally, a subset of the machines should be restarted every day during non-peak hours. Which feature must the administrator change from the default values in order to fulfill the requirements?

- A. Weekday and weekend hours
- B. Restart duration
- C. Peak and non-peak hours
- D. Tag restrictions

**Answer: D**

Explanation:

Tag restrictions allow administrators to apply different power management schedules to subsets of machines within the same Delivery Group. By tagging certain Server OS VDAs, the administrator can configure weekly restarts for all machines and daily restarts for only the tagged subset during non-peak hours.

#### NEW QUESTION # 22

.....

The PrepAwayTest Citrix 1Y0-205 practice test software is offered in two different types which are Citrix Virtual Apps and Desktops Administration (1Y0-205) desktop practice test software and web-based practice test software. Both are the Prepare for your 1Y0-205 practice exams that will give you a real-time Citrix Virtual Apps and Desktops Administration (1Y0-205) exam environment for quick 1Y0-205 exam preparation.
