Explanation:

Box 1: Live event

Live events

Live events are structured meetings that enable your organization to schedule and produce events that stream to large online audiences-up to 20,000 people. With live events, the audience interaction is a managed Q & A experience.

Note: Meetings, webinars, and live events are all types of meetings, but webinars and live events provide additional control for the organizer over the conversation and participants. Webinars provide two-way interaction while live events provide a managed Q & A experience.

The different types of meetings also have different participant limits and participant capabilities.

\* Live events

Number of participants: Up to 20,000

- Broadcast to large audiences.
- Moderated Q & A for audience interaction.
- Can specify producers and presenters, including external presenters.
- Supports more advanced production capabilities.

Registration supported: no

Box 2: Webinar

Webinars

Webinars are structured meetings where presenters and participants have clear roles. A key difference between webinars and Teams meetings is that webinars support robust registration management, customizable event and registration site, and event-oriented default meeting options.

Note: Meetings, webinars, and live events are all types of meetings, but webinars and live events provide additional control for the organizer over the conversation and participants. Webinars provide two-way interaction while live events provide a managed Q & A

experience.

The different types of meetings also have different participant limits and participant capabilities.
