

# Huawei H13-321\_V2.5 Latest Material, H13-321\_V2.5 Valid Study Notes

Useful Study Guide &  
Exam Questions to Pass  
the Huawei H13-321 Exam  
Huawei H13-321 Exam Details, Syllabus, and Questions

[www.CertFun.com](http://www.CertFun.com)

Here are all the necessary details to pass the H13-321 exam on your first attempt. Get rid of all your worries now and find the details regarding the syllabus, study guide, practice tests, books, and study materials in one place. Through the H13-321 certification preparation, you can learn more on the HCIP-AI-EI Developer, and getting the Huawei Certified ICT Professional - AI-EI Developer certification gets easy.

What's more, part of that PracticeVCE H13-321\_V2.5 dumps now are free: <https://drive.google.com/open?id=118iVErIAaFYHkdhjnlA5yGpMvLuuet16>

We can provide absolutely high quality guarantee for our H13-321\_V2.5 practice materials, for all of our H13-321\_V2.5 learning materials are finalized after being approved by industry experts. Without doubt, you will get what you expect to achieve, no matter your satisfied scores or according H13-321\_V2.5 certification file. As long as you choose our H13-321\_V2.5 exam questions, you will get the most awarded.

PracticeVCE H13-321\_V2.5 exam certification training materials is not only the foundation for you to success, but also can help you play a more effective role in the IT industry. With efforts for years, the passing rate of PracticeVCE H13-321\_V2.5 Certification Exam has reached as high as 100%. If you failed H13-321\_V2.5 exam with our H13-321\_V2.5 exam dumps, we will give a full refund unconditionally

## Get 100% Passing Success With True H13-321\_V2.5 Exam

Some people want to study on the computer, but some people prefer to study by their mobile phone. Because our H13-321\_V2.5 study torrent can support almost any electronic device, including iPod, mobile phone, and computer and so on. If you choose to buy our HCIP-AI-EI Developer V2.5 guide torrent, you will have the opportunity to use our study materials by any electronic equipment. We believe that our H13-321\_V2.5 Test Torrent can help you improve yourself and make progress beyond your imagination. If you buy our H13-321\_V2.5 study torrent, we can make sure that our study materials will not be let you down

## Huawei HCIP-AI-EI Developer V2.5 Sample Questions (Q25-Q30):

### NEW QUESTION # 25

Which of the following methods are useful when tackling overfitting?

- A. Using dropout during model training
- B. Using parameter norm penalties
- C. Using more complex models
- D. Data augmentation

**Answer: A,B,D**

Explanation:

To address overfitting, HCIP-AI EI Developer V2.5 outlines multiple strategies:

\* Dropout: A regularization method that randomly ignores certain neurons during training, preventing reliance on specific paths and improving generalization.

\* Data augmentation: Expands the training dataset by applying transformations (rotation, scaling, flipping) to existing data, increasing diversity and reducing overfitting risk.

\* Parameter norm penalties: Techniques such as L1 and L2 regularization add a penalty to large parameter values, discouraging overly complex models.

Using a more complex model (Option B) is the opposite of what is recommended, as it generally increases the risk of overfitting.

Exact Extract from HCIP-AI EI Developer V2.5:

"Common overfitting mitigation techniques include data augmentation to expand datasets, dropout to randomly deactivate neurons during training, and applying regularization penalties to constrain model complexity." Reference: HCIP-AI EI Developer V2.5 Official Study Guide - Chapter: Preventing Overfitting

### NEW QUESTION # 26

When the chi-square test is used for feature selection, SelectKBest and \_\_\_\_\_ function or class must be imported from the sklearn.feature\_selection module. (Enter the function interface name.) chi2

Explanation: In feature selection for classification tasks, the chi-square ( $\chi^2$ ) statistical test can be applied to evaluate the independence between features and target labels.

In Python's scikit-learn library, this is implemented using:

**Answer:**

Explanation:

```
python
```

```
CopyEdit
```

```
from sklearn.feature_selection import SelectKBest, chi2
```

SelectKBest selects the top K features based on scores returned by the chi2 function.

Exact Extract from HCIP-AI EI Developer V2.5:

"In scikit-learn, SelectKBest with chi2 can be used for feature selection by scoring features according to the chi-square statistic."

Reference: HCIP-AI EI Developer V2.5 Official Study Guide - Chapter: Feature Selection Methods

### NEW QUESTION # 27

If OpenCV is used to read an image and save it to variable "img" during image preprocessing, (h, w) = img.shape[:2] can be used to obtain the image size.

- A. TRUE
- B. FALSE

**Answer: A**

Explanation:

In OpenCV, an image read into a variable such as img is represented as a NumPy array. The .shape attribute returns the dimensions in the format (height, width, channels). Using img.shape[:2] slices the first two elements, giving the height (h) and width (w). This method is a standard practice for quickly retrieving image dimensions in preprocessing workflows.

Exact Extract from HCIP-AI EI Developer V2.5:

"OpenCV stores images as NumPy arrays. The shape property returns (height, width, channels). Accessing shape[:2] returns the

image height and width." Reference:HCIP-AI EI Developer V2.5 Official Study Guide - Chapter: Image Reading and Writing with OpenCV

### NEW QUESTION # 28

John wants to deploy a large model locally to implement the Q&A assistant function for his company. Which of the following factors is unnecessary for John to consider?

- A. Demand for computing power
- **B. Model development framework**
- C. Model security
- D. Output delay

**Answer: B**

Explanation:

When deploying a pre-trained large model locally for a specific function, the model development framework used during its creation is generally irrelevant unless modifications or retraining are required. However, John must consider:

- \* Output delay- to ensure low latency for real-time Q&A.
- \* Model security- to protect intellectual property and sensitive company data.
- \* Computing power demand- large models require high-performance hardware.

Exact Extract from HCIP-AI EI Developer V2.5:

"When deploying pre-trained models locally, the deployment plan should address computing resources, performance latency, and security, but does not require re-evaluating the original training framework." Reference:HCIP-AI EI Developer V2.5 Official Study Guide - Chapter: Large Model Deployment Considerations

### NEW QUESTION # 29

----- is a text representation method based on the bag of words (BoW) model. It decomposes words into subwords and then adds the vector representations of the subwords to obtain word vectors, fully utilizing character N-gram information. (Fill in the blank.)

**Answer:**

Explanation:

FastText

Explanation:

FastText is an extension of Word2Vec developed by Facebook AI Research. Unlike Word2Vec, which learns embeddings for whole words, FastText represents each word as a sum of its character n-gram embeddings.

This helps in handling rare words and morphologically rich languages by generating embeddings for unseen words from their subword components.

Exact Extract from HCIP-AI EI Developer V2.5:

"FastText decomposes words into character n-grams and represents words as the sum of their n-gram vectors, improving representation for rare and out-of-vocabulary words." Reference:HCIP-AI EI Developer V2.5 Official Study Guide - Chapter: Subword Embedding Models

### NEW QUESTION # 30

.....

The secret that PracticeVCE helps many candidates pass H13-321\_V2.5 exam is Huawei exam questions attentively studied by our professional IT team for years, and the detailed answer analysis. We constantly updated the H13-321\_V2.5 Exam Materials at the same time with the exam update. We try our best to ensure 100% pass rate for you.

**H13-321\_V2.5 Valid Study Notes:** [https://www.practicevce.com/Huawei/H13-321\\_V2.5-practice-exam-dumps.html](https://www.practicevce.com/Huawei/H13-321_V2.5-practice-exam-dumps.html)

If you want to be a more successful person and become the best, the first step you need to take is to have our H13-321\_V2.5 exam questions, The real Huawei H13-321\_V2.5 Dumps are ready for download, PracticeVCE offer you all the Q&A of the H13-321\_V2.5 real test, Huawei H13-321\_V2.5 Latest Material With so many experiences of tests, you must be aware of the significance of time related to tests, Huawei H13-321\_V2.5 Latest Material If you have your own ambition of realizing personal dreams, you can never stop the pace of making improvement.
