EPIC EDI101 Latest Test Report & EDI101 New Study Notes

Under coordinated synergy of all staff, our EDI101 guide materials achieved to a higher level of perfection by keeping close attention with the trend of dynamic market. They eliminated stereotypical content from our EDI101 practice materials. And if you download our EDI101 study quiz this time, we will send free updates for you one year long since we promise that our customers can enjoy free updates for one year.

EPIC CEE: Bridges Interfaces Application Essentials Exam (2026 Version) Sample Questions (Q50-Q55):

NEW QUESTION # 50

Which translation table setting allows you to use the values from the category list instead of manually specifying each internal and external value?

- A. Auto-lookup
- B. Many-to-One mapping
- C. Case Sensitive
- D. Default value

Answer: A

NEW QUESTION # 51

When changing a profile variable, you must restart the affected interface for the setting to take effect.

- A. False
- B. True

Answer: B

Explanation:

Profile variables are configuration settings that the interface daemons read when they initialize. If a change is made to a profile variable while the interface is running, the active daemon will not recognize the update. A restart of the Communications and Filer daemons is required to force the system to reload the new configuration from the database.

NEW QUESTION # 52

An ID Type can be reused for multiple Chronicles master files.

- A. True
- B. False

Answer: B

Explanation:

In Epic's Identity framework, an ID Type is explicitly linked to a single Chronicles master file (e.g., EPT for patients, SER for providers). This one-to-one relationship ensures that the system knows exactly which master file to search when an ID of that type is received in a message. You cannot use a single ID Type definition to identify both a patient and a provider.

NEW QUESTION # 53

When applying a filter on a related record in the message companion, you notice that a message for a particular patient is not showing up in your results. Which of the following could be a reason for this behavior?

- A. The message companion only works for outgoing messages.
- B. The patient is not linked to the message due to a failure error in message processing.
- C. The message was retrIGGERED from another message.
- D. You must specify "contains" instead of "equals" in your message search criteria.

Answer: B

Explanation:

The Message Companion relies on a successful link between a message and a specific record (like a Patient or Encounter). If a message encounters a failure error during processing (e.g., a critical identification error), Bridges may be unable to definitively link that message to the patient record in Chronicles. Because the link is missing, the message will not appear in tools like the Message Companion that filter specifically by that patient's ID.

NEW QUESTION # 54

It is possible to start the Communications Daemons for both incoming and outgoing interfaces at the same time.

- A. False
- **B. True**

Answer: B

Explanation:

Bridges management tools allow administrators to select multiple interfaces-regardless of whether they are sending data (outgoing) or receiving data (incoming)-and issue a "Start " command to their respective Communications Daemons simultaneously. This facilitates efficient management during system startups or after maintenance.

NEW QUESTION # 55

.....

Dedication and solid preparation from a reliable EPIC Campaign Certification EDI101 practice test material is needed to earn the EPIC EDI101 credential. To do the successful and quick preparation, Itexamguide actual EPIC Campaign Certification EDI101 PDF Questions and practice tests should be your top priority. Itexamguide is one of the few trusted brands that has been helping candidates crack the EDI101 test since its beginning. We have assisted hundreds of EDI101 certification applicants in clearing their EPIC EDI101 exams. They all prepared with our valid, real, and updated CEE: Bridges Interfaces Application Essentials Exam (2026 Version) Expert EDI101 exam questions of Itexamguide. Now they all have become EPIC Campaign Certification EDI101 certified and currently working in reputed firms at well-paid job posts.
