

Quiz 2026 Reliable Salesforce Plat-Dev-210: Salesforce Certified Omnistudio Developer Latest Exam Fee

What's more, part of that TrainingDumps Plat-Dev-210 dumps now are free: <https://drive.google.com/open?id=1sRHnGum0sNQlQwgJkFRd3KUeYw5f07Q2>

After successful competition of the Plat-Dev-210 certification, the certified candidates can put their career on the right track and achieve their professional career objectives in a short time period. However, to pass the Plat-Dev-210 Exam you have to prepare well. For the quick Plat-Dev-210 exam preparation the Plat-Dev-210 Questions are the right choice.

Salesforce Plat-Dev-210 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Omnistudio Data Mappers: This part of the exam measures the skills of a Data Engineer and focuses on the use of Omnistudio Data Mappers for extracting, transforming, and loading data. It includes identifying the appropriate Data Mapper for a given requirement, as well as determining the necessary Extract, Load, Transform, and Turbo Extract functionalities based on specific use cases. This section ensures the candidate can effectively map and manipulate data to support business processes.
Topic 2	<ul style="list-style-type: none">• Integration Procedures: This section measures the skills of an Integration Architect and involves designing and configuring Integration Procedures to automate processes and integrate systems. It requires comparing and contrasting different elements and configurations within Integration Procedures to meet specific use cases. Candidates are also tested on selecting the correct elements and properties to satisfy functional requirements, ensuring seamless data flow and process automation.
Topic 3	<ul style="list-style-type: none">• Integrated Troubleshooting and Deployment: This final section measures the skills of a Support Engineer and focuses on identifying and resolving issues within Omnistudio tools. It involves diagnosing errors based on given scenarios and determining where breakdowns occur in the data flow for specific customer issues. This ensures the candidate can effectively troubleshoot, debug, and maintain solutions to ensure optimal performance and reliability.

Topic 4	<ul style="list-style-type: none"> • Expression Sets & Decision Matrices: This section measures the skills of a Logic Designer and covers the configuration and application of Expression Sets and Decision Matrices within Omnistudio tools. It requires demonstrating an understanding of how Expression Sets evaluate conditions and how Decision Matrices use rule-based logic to determine outcomes. This knowledge is essential for automating decisions and streamlining complex business processes.

Salesforce Certified Omnistudio Developer Sample Questions (Q89-Q94):

NEW QUESTION # 89

Refer to the following row-versioned calculation matrix.

Version 1

Input	Input	Output	RowStartDate	RowEndDate
State	County	Code		
CA	San Francisco	CA-SF	Jan011980	Jun301980
CA	San Mateo	CA-SM	Jan011980	Jun301980

Version 2

Input	Input	Output	RowStartDate	RowEndDate
State	County	Code		
CA	San Francisco	CA-SF	Jan011980	Jun301980
CA	San Mateo	CA-SM	Jan011980	Jun301980
CA	Mountain View	CA-MV	Jul011980	Dec311980

Version 3

Input	Input	Output	RowStartDate	RowEndDate
State	County	Code		
CA	San Francisco	CA-SF	Jan011980	Jun301980
CA	San Mateo	CA-SM	Jan011980	Jun301980
CA	Mountain View	CA-MV	Jul011980	Jan311980
CA	San Carlos	CA-SC	Jul011980	Dec311980

Color yellow - represents the rows that are shared across versions.

The developer needs to delete the row that contains the Code CA-SF.
If the developer deletes that row in Version 3, what is the result?

- A. The row is deleted in all versions
- B. The row is deleted in Version 3 and Version 1.
- C. The row is deleted In Versions 2 and 3 but will remain in Version 1.
- **D. The row is deleted only in Version 3.**

Answer: D

Explanation:

Deleting a row in Version 3 will only affect that version, not any previous or future versions. The row that contains the Code CA-SF will remain in Versions 1 and 2, as well as any versions created after Version 3. The other options are incorrect because they imply that deleting a row in one version will affect other versions as well.

NEW QUESTION # 90

A developer creates a FlexCard with five state elements. For of the states have a condition. To test the FlexCard, the developer previews it using sample data that causes two of the states to have true conditions.
In this scenario, how will the developer know which state will display?

- A. The state sequenced first in the FlexCard canvas will display.
- **B. The first state with true conditions sequence closest to the top of the FlexCard canvas will display.**
- C. The first state with a true AND condition, regardless of sequence in the FlexCard canvas, will display.
- D. The first state with true nested condition, regardless of sequence in the FlexCard canvas, will display

Answer: B

Explanation:

According to the OmniStudio Developer Guide, "If multiple states have true conditions, the state that is closest to the top of the FlexCard canvas displays." Therefore, the correct answer is A.

NEW QUESTION # 91

A developer has a requirement to create a child FlexCard that contain all of its parent FlexCard's records in a Datatable.

- A. {recordId}
- B. {Params records}
- C. {Records[0]}
- **D. {Records}**

Answer: D

Explanation:

The correct syntax for passing all of the parent FlexCard's records to a child FlexCard is {Records}, which represents an array of records. The other options are incorrect because they either use an invalid syntax or refer to a single record instead of an array of records.

NEW QUESTION # 92

Refer to the exhibit.

A developer has configured an integration Procedure element with SEND/RESPONSETRANSFORMATIONS as shown. Alternatively, how could the developer configure Additional input to send exactly the same data? Assume that the developer checked Send Only Additional input.

- A.

Key	Value
DRExtractAction:Account	SecondaryAccount

- B.

Key	Value
DRExtractAction:Account	SecondaryAccount

- C.

Key	Value
SecondaryAccount	DRExtractAction:Account

Answer: A

Explanation:

Option C is the correct way to configure Additional input to send exactly the same data as Input Data. The Additional input should have a key/value pair for each field in Input Data, and the value should be set to `{{InputData.field}}` for each field. This will pass the value of Input Data for each field to Additional input.

NEW QUESTION # 93

Refer to the exhibit.

Account		Contact		Contact	
Name	Acme	Name	Edward Stamos	Name	Howard Jones
Phone	(222) 154-8450	Cell Phone	(212) 154-8562	Cell Phone	(850) 158-1102

The card layout uses an integration Procedure as a data source. The cards use the layout data source. Which JSON data structure supports this card layout and follows best practices?

```
[
  {
    "Account": {
      "Phone": "2221546450",
      "Name": "Acme"
    },
    "ContactCellPhone": "(212) 154-8962",
    "ContactName": "Edward Stamos"
  },
  {
    "Account": {
      "Phone": "2221546450",
      "Name": "Acme"
    },
    "ContactCellPhone": "(650) 156-1102",
    "ContactName": "Howard Jones"
  }
]
```

• A.

```
"Contact": [
  {
    "CellPhone": "(212) 154-8962",
    "Name": "Edward Stamos"
  },
  {
    "CellPhone": "(650) 156-1102",
    "Name": "Howard Jones"
  }
],
"Account": {
  "Phone": "2221546450",
  "Name": "Acme"
}
```

• B.

```

{
  "Contact": [
    {
      "CellPhone": "(212) 154-8562",
      "Name": "Edward Stamos"
    },
    {
      "CellPhone": "(650) 154-1182",
      "Name": "Howard Jones"
    }
  ],
  "AccountPhone": "2221546430",
  "AccountName": "Acme"
}

```

- C.

Answer: A

Explanation:

The JSON data structure in option C supports the card layout and follows best practices. It has a list of objects, each representing a product, with the properties "ProductCode", "ProductName", "ProductDescription", and "ProductPrice". These properties match the fields in the card layout. The JSON data structure also follows the naming convention of using camel case for property names. The JSON data structures in options A and B do not match the fields in the card layout and do not follow the naming convention.

NEW QUESTION # 94

.....

If you want to buy our Plat-Dev-210 study guide in a preferential price, that's completely possible. In order to give back to the society, our company will prepare a number of coupons on our official website. Once you enter into our websites, the coupons will be very conspicuous. Remember to write down your accounts and click the coupon. When you pay for our Plat-Dev-210 Training Material, the coupon will save you lots of money. The number of our free coupon is limited. So you should click our website frequently. What's more, our coupon has an expiry date. You must use it before the deadline day. What are you waiting for? Come to buy our Plat-Dev-210 practice test in a cheap price.
