ServiceNow Certified Implementation Specialist - Strategic Portfolio Management Sample Questions (Q82-Q87):

NEW QUESTION # 82

The color band at the top of the project card in Project Workspace displays what project attribute?

- A. Status
- B. State
- C. Risk
- D. Issues

Answer: A

Explanation:

Explanation

According to the ServiceNow documentation¹, the color band at the top of the project card in Project Workspace displays the project status. The project status is a calculated field that indicates the health of the project based on the schedule, cost, and scope variance. The color band can be green, yellow, or red, depending on the status value. The other options are incorrect because:

B: Risk: The risk is a potential problem that could affect the project or its outcome. The risk level is displayed as a circle icon on the project card, not as a color band².

C: State: The state is the current phase of the project, such as Draft, Planning, Work in Progress, or Closed. The state is displayed as a text field on the project card, not as a color band³.

D: Issues: The issues are the actual problems that affect the project or its outcome. The number of issues is displayed as a badge icon on the project card, not as a color band⁴.

NEW QUESTION # 85

What does the project status report allow project managers to do?

Choose 2 answers

- A. View the project Gantt chart
- B. Show historical trend of project KPI's
- C. Print as a PDF attachment
- D. View the WBS

Answer: B,C

Explanation:

Explanation

The project status report allows project managers to do the following:

Show historical trend of project KPI's: The project status report displays the key performance indicators (KPIs) of the project, such as schedule variance, cost variance, and earned value. It also shows the historical trend of these KPIs over time, which helps project managers monitor the progress and performance of the project. You can find more information about the project status report KPIs in the Product Documentation for ServiceNow.

Print as a PDF attachment: The project status report can be printed as a PDF attachment and sent to the stakeholders or sponsors of the project. This helps project managers communicate the status and health of the project in a clear and concise format. You can find more information about the project status report PDF attachment in the Product Documentation for ServiceNow.

NEW QUESTION # 86

What information are users required to enter on a cost plan for a demand?

- A. Functional currency
- B. Cost type
- C. Discount Rate %
- D. Total planned cost

Answer: B

Explanation:

According to the Cost plan breakdown document, users are required to enter the cost type for each cost plan line item. Cost type is a mandatory field that specifies the type of cost, such as labor, software, hardware, etc. The other options are not required fields for a cost plan for a demand. Discount Rate % is an optional field that applies a discount rate to the cost plan. Total planned cost is a read-only field that displays the sum of the planned cost for all the cost plan breakdowns. Functional currency is a system property that defines the currency used for cost management.
