NEW QUESTION # 132

Which statement about the 'directing a project' process is CORRECT?

- A. The project board should attend regular project progress meetings
- B. The project board should make decisions based on the Agilometer risks
- **C. A project board member should fulfill the product owner role within a delivery team**
- D. The project board should increase the stage-level time tolerance

Answer: C

NEW QUESTION # 133

What is a good criterion to include in the Definition of Ready?

- **A. Acceptance criteria are measurable**
- B. The product is ready to hand over
- C. All components are complete
- D. The product has passed the quality checks

Answer: A

Explanation:

A key criterion for the Definition of Ready is that acceptance criteria are measurable. This ensures that work items are clearly understood, well-defined, and have objective criteria to confirm when they are complete.

Measurable acceptance criteria reduce ambiguity and support efficient development and quality assurance.

Other options describe completion or handover stages, which are more relevant to the Definition of Done, not Ready.
