## **Cisco Understanding Cisco Cybersecurity Operations Fundamentals Sample Questions (Q318-Q323):**

## NEW QUESTION # 318

What is a description of a social engineering attack?

- A. package deliberately sent to the wrong receiver to advertise a new product
- B. mistakenly received valuable order destined for another person and hidden on purpose
- C. fake offer for free music download to trick the user into providing sensitive data
- D. email offering last-minute deals on various vacations around the world with a due date and a counter

**Answer: C**

### Explanation:

Social engineering attacks involve manipulating individuals into divulging confidential information or performing actions that compromise security. The fake offer for a free music download is a classic example of social engineering, where attackers lure users with a tempting offer to trick them into providing personal information or downloading malware.
