We treat it as our major responsibility to offer help so our ISO-14001-Lead-Auditor Practice Guide can provide so much help, the most typical one is the efficiency of our ISO-14001-Lead-Auditor exam questions, which can help you pass the ISO-14001-Lead-Auditor exam only after studying for 20 to 30 hours.

PECB ISO-14001-Lead-Auditor Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> Fundamental audit concepts and principles: This section of the exam assesses the grasp EMS auditors have on core audit principles such as integrity, fair presentation, due professional care, and evidence-based evaluation. It ensures auditors can apply these principles consistently in the audit process.
Topic 2	<ul style="list-style-type: none"> Preparing an ISO 14001 audit: This domain measures the competence of audit consultants in planning and preparing for an ISO 14001 audit. It covers audit objectives, scope, criteria, and developing the audit plan, ensuring readiness for an efficient and objective audit.
Topic 3	<ul style="list-style-type: none"> Managing an ISO 14001 audit program: This section of the exam evaluates the ability of EMS auditors to manage a complete audit program. It includes planning, implementing, monitoring, and continually improving the audit program to align with organizational and compliance goals.
Topic 4	<ul style="list-style-type: none"> Closing an ISO 14001 audit: This domain focuses on the responsibilities of audit consultants during the audit closure process. It includes evaluating findings, preparing audit conclusions, holding closing meetings, and ensuring proper reporting and communication of results.

Topic 5	<ul style="list-style-type: none"> • Environmental management system requirement: This section evaluates the ability of audit consultants to interpret and apply the specific requirements of ISO 14001. It focuses on understanding the structure of the standard, including context of the organization, leadership, planning, support, operations, and performance evaluation.
Topic 6	<ul style="list-style-type: none"> • Conducting an ISO 14001 audit: This part tests the practical skills of EMS auditors in executing the audit, including conducting meetings, collecting audit evidence, interviewing personnel, and documenting findings in accordance with ISO 14001 standards.

ISO-14001-Lead-Auditor Exam Questions promise that if you fail to pass the exam successfully after purchasing our product, we are willing to provide you with a 100% full refund.

PECB Certified EMS ISO 14001 Lead Auditor Exam Sample Questions (Q26-Q31):

NEW QUESTION # 26

Which two of the following phrases would apply to "audit criteria"?

- A. Financial objectives
- **B. ISO 14001 requirements**
- C. Audit conclusions
- D. Nonconformity report
- **E. Management policy**
- F. Auditor competence

Answer: B,E

Explanation:

According to ISO 19011:2018 Clause 3.3 (Terms and definitions):

Audit criteria are defined as:

"Set of policies, procedures or requirements used as a reference against which objective evidence is compared." ISO 14001 requirements (F) and the organization's own management policy (A) are valid audit criteria.

Nonconformity report (C) and audit conclusions (D) are audit outputs, not criteria.

Financial objectives (B) and auditor competence (E) are not used as audit criteria.

Reference: ISO 19011:2018 Clause 3.3; ISO 14001:2015 Clause 5.2.

NEW QUESTION # 27

An audit team leader arrives at a steel fabrication organisation that manufactures fire escape stairs to carry out a Stage 2 certification audit. At a meeting with the EMS Manager, she is told that they have won their biggest contract from a construction organisation to manufacture and install fire escape stairs. They appointed a subcontractor to perform the installation work. The EMS Manager wants the ISO 14001 audit extended to cover the installation site.

Select which one of the options is the correct response by the auditor.

- A. Would you write to my audit programme manager with this request?
- B. Can you arrange to bring the installation team here so that we can include this in the audit?
- **C. Do you realise that this involves an extension to the scope of the audit and will require an application process?**
- D. We have used all our allocated time in preparation for this audit so how can we extend the audit scope?

Answer: C

Explanation:

According to ISO/IEC 17021-1:2015 Clause 9.3.1 and ISO 19011:2018 Clause 5.4.1:

Any change in scope requires formal review and approval through certification body's application process.

The auditor cannot unilaterally extend the scope during the audit.

The correct course of action is to inform the auditee that scope changes require an application process.

Reference: ISO/IEC 17021-1:2015 Clause 9.3.1; ISO 19011:2018 Clause 5.4.1.

NEW QUESTION # 28

A multi-level shopping centre is open every day to the public from 09:00-21:00 hours. During an external audit of the centre to ISO 14001, you establish that there are 40 vending machines that are permanently switched on. Thirty of them do not sell perishable foodstuffs. You also note that there are eight escalators in the complex that run constantly during public access. When asked about environmental performance improvement objectives, the Centre Manager says that there are plans to increase the natural daylight by installing more skylights thus saving on lighting costs, but the estimated budget for this has not yet been approved by the board.

You: I note that energy consumption is a significant environmental aspect in the centre. How do you mitigate the impacts of this?

EMS Manager: We try to reduce our energy costs by negotiating a better deal from the energy company. We are considering changing to one that only supplies electricity from renewable sources.

You: What steps have you taken to reduce overall consumption?

EMS Manager: We conducted awareness training for staff. For example, turning off lights in staff areas not being used.

You: I see that the escalators account for the highest usage of energy. Are there any objectives to try and reduce this?

EMS Manager: No, it would be too costly to change them.

You: How do you measure electricity consumption?

EMS Manager: We have meters installed in each floor of the centre. We take readings every hour and we plot the consumption graph for every staff shift.

You continue the interview and find that energy consumption has increased steadily over the past five years.

Select the two statements that are true.

- A. The Centre Manager is trained in energy awareness.
- **B. The vending machines are switched on permanently.**
- **C. The organisation should take action to address its energy consumption.**
- D. The organisation's energy supplier sources renewable energy.
- E. The escalators are switched on permanently.
- F. The centre staff are responsible for energy consumption in the staff areas.

Answer: B,C

NEW QUESTION # 29

Which one of the following options describes the main purpose of a Stage 1 audit?

- A. To check for legal compliance by the organisation
- B. To compile the audit plan
- C. To get to know the organisation
- **D. To determine readiness for Stage 2**

Answer: D

Explanation:

According to ISO/IEC 17021-1:2015 Clause 9.3.2.1:

The main purpose of Stage 1 is:

"To evaluate the client's management system documentation and preparedness for Stage 2 audit." This includes reviewing:

The status of implementation.

The client's understanding of requirements.

Readiness for the Stage 2 audit.

While the auditor will learn about the organization (B) and may draft plans (C), these are supporting activities. Legal compliance checks (D) occur in Stage 2.

Reference: ISO/IEC 17021-1:2015 Clause 9.3.2.1.

NEW QUESTION # 30

Which two of the following options are an advantage of using a sampling plan for the audit?

- A. Use of the plan for consecutive audits
- **B. Gives confidence in the audit results**
- C. Prevents conflict within the audit team
- D. Implements the audit plan efficiently
- **E. Reduces the audit duration**
- F. Overrides the auditor's instincts

Answer: B,E

Explanation:

According to ISO 19011:2018 Clause 5.3.2 and Annex B (Audit Sampling):

Sampling allows auditors to:

Reduce audit time while still covering sufficient evidence (A),

Provide statistically valid assurance and confidence in the results (C).

Sampling does not replace auditor judgment (D), nor is it intended to prevent conflict (F) or be reused blindly for future audits (E).

Reference: ISO 19011:2018 Clause 5.3.2, Annex B.

NEW QUESTION # 31

.....

No matter on any condition, our company will not use your information to make profits. As already mentioned above, our ISO-14001-Lead-Auditor learning materials attach great importance to the interests of customers. A product can develop for so many years, and ultimately the customer's trust and support. Many of the users of ISO-14001-Lead-Auditor training prep were introduced by our previous customers.
