Salesforce Certified Field Service Consultant Sample Questions (Q94-Q99):

NEW QUESTION # 94
Universal Containers wants to identify which resources need more or fewer appointments.
Which Gantt chart filter option should a Consultant recommend to provide this information?

- A. Select Date Resolution on the Hours Tab.
- B. Select Sort by Average Utilization on the Resources Tab.
- C. Select Hours, Absences and Overtime on the Utilization Tab.
- D. Select Travel Time and Breaksas skills on the Skills Tab.

Answer: B

Explanation:
Sort by Average Utilization is an option on the Resources Tab of the Gantt chart that allows sorting resources by their average utilization percentage[239]. Utilization is a metric that measures how much time a resource spends on service appointments compared to their total working hours[240]. Selecting Sort by Average Utilization on the ResourcesTab would allow Universal Containers to identify which resources need more or fewer appointments by showing them how busy each resource is based on their utilization percentage[241].
Selecting Date Resolution on the Hours Tab would not allow Universal Containers to identify which resources need more or fewer appointments. Date Resolution is an option on the Hours Tab of the Gantt chart that allows changing how many hours are shown per column such as 1 hour, 2 hours, or 4 hours[242].
Selecting Travel Time and Breaks as skills on the Skills Tab would not allow Universal Containers to identify which resources need more or fewer appointments. Skills are records that define specific abilities orqualifications that resources have[243]. Travel Time and Breaks arenot skills but fields on the Resource object that define how much time a resource spends traveling between service appointments and how much time they take for breaks[244]. Selecting Hours, Absences and Overtime on

NEW QUESTION # 95
A Technician is onsite where there is no connectivity and is required to capture the customer's signature. What is the appropriate order of operations as the Technician goes back online?

- A. Deliver Service Report, update record, sync device, capture signature.
- B. Deliver Service Report, capture signature, update records, sync device.
- C. Capture signature, sync device, update record, deliver Service Report.
- D. Capture signature, update record, sync device, deliver Service Report.

Answer: D

NEW QUESTION # 96
Northern Trail Outfitters wants to report on its Assets and reflect their attributes including hierarchical relationships.
