While practicing on Medical Professional Certified Case Manager Certification Exam (CCM) practice test software you will experience the real-time Certified Case Manager Certification Exam (CCM) CCM exam environment for preparation. This will help you to understand the pattern of final CCM exam questions and answers.

Medical Professional Certified Case Manager Certification Exam (CCM) Sample Questions (Q93-Q98):

NEW QUESTION # 93

Giving "Notice" [2017 edition] (2 correct answers apply)

Choose all of the correct answers (multiple possibilities).

- A. ... is intended for written communications, in full compliance with the formal requirements outlined in the dedicated Sub-Clause.
- B. ... is not a compulsory obligation, but "highly recommended".
- C. ... is a special obligation for the Engineer only, in order to enable him/her to manage the implementation of the contract.
- D. ... is always compulsory together with a clear indication of the relevant Sub-Clause under which the Notice is being served.

Answer: A,D

Explanation:

Option B is correct: Notices are compulsory when required and must reference the relevant Sub-Clause to be valid.

Option D is correct: Notices are formal written communications and must comply with the contract's prescribed procedures.

Option A is incorrect; notices are often mandatory, not merely recommended.

Option C is incorrect; notices are obligations for all Contract Participants, not just the Engineer.

NEW QUESTION # 94

In which one of the following circumstances is it recommended to select the Contractor after a two-stage procurement procedure (pre-qualification + tender procedure)?

- A. If there is international financing for the project, it is always necessary to conduct a two-stage procurement procedure.
- B. When the works are simple and of short duration.
- C. When there is a limited number of capable experienced contractors available and ready to take part in the procurement.
- D. In case of large scale works, where there are several companies likely to have an interest in submitting an offer.

Answer: D

Explanation:

Two-stage procurement, involving pre-qualification followed by tender, is typically recommended for large-scale projects where many potential contractors might be interested. This process helps to shortlist qualified contractors, thus streamlining the tender evaluation and increasing the quality and competitiveness of submitted offers.

Option C correctly reflects this approach for complex or large projects where competition needs to be managed.

Option A is incorrect since simple, short-duration projects usually do not require complex procurement.

Option B is incorrect because if only a few capable contractors exist, pre-qualification may be less necessary.

Option D is incorrect as international financing does not always mandate two-stage procurement, although it often influences procurement methods.

NEW QUESTION # 95

Through which two of the following documents may the Employer give information to the Contractor of a planned timetable of meetings such as management meetings, site meetings, technical meetings, and progress meetings?

Choose all of the correct answers (multiple possibilities).

- A. Special Conditions
- B. General Conditions of Contract
- C. Specification
- D. Employer's Requirements

Answer: A,D

Explanation:

The timetable for meetings is usually set out in the Special Conditions (Particular Conditions) and/or the Employer's Requirements, which define project-specific administrative and management arrangements.

Special Conditions customize the General Conditions to the project and often specify meeting schedules.

Employer's Requirements detail the Employer's expectations, including communication protocols and meeting timetables.

The General Conditions (Option A) are standard and do not include project-specific meeting schedules.

The Specification (Option B) mainly covers technical requirements, not administrative matters like meetings.

NEW QUESTION # 96

Which of the following obligations are relevant to the Engineer's roles with regards to insurance? [2017 Edition] (2 correct answers apply) Choose all of the correct answers (multiple possibilities).

- A. The Engineer shall receive a copy of the evidence(s) demonstrating Contractor's payment of the necessary insurance premiums.
- B. The Engineer should continuously monitor that the Contractor's insurance policies are kept valid, and extensions are duly arranged, when necessary.
- C. The Engineer is entitled to take out an insurance on behalf of the Contractor, in case the Contractor fails to extend the validity of a specific insurance.
- D. The Engineer shall immediately suspend all construction activities at the Site, in case the Contractor failed to take out any necessary insurance.

Answer: A,B

Explanation:

Comprehensive and Detailed Explanation:

Option A is correct: The Engineer is entitled to receive evidence that the Contractor has paid for the necessary insurance policies.

Option C is correct: The Engineer has the role of monitoring the validity of these insurances and ensuring that renewals or extensions are arranged in a timely manner.

Option B is incorrect; the Engineer does not have the authority to take out insurance on behalf of the Contractor.

Option D is incorrect; suspension of construction activities is not automatically the Engineer's role for insurance lapses but may require instructions from the Employer.

NEW QUESTION # 97

Before applying the procurement process of any FIDIC Book, the Employer should always check if there are local procurement rules that also apply. Which one of these responses is correct?

- A. Yes, but this is only applicable for public entities like governments. If the Employer is a private organisation (like a company), they are free to procure how they want.
- B. No, because the FIDIC procurement process is universal.
- C. Yes, based on the law system, internal governance or type of Employer additional procurement rules can apply.
- D. No, because Employers never have specific procurement rules.

Answer: C

Explanation:

Local procurement laws, regulations, and internal governance rules often apply in addition to or alongside FIDIC contract provisions. Employers, whether public or private, must comply with applicable national or sector-specific rules, which may affect procurement procedures, documentation, and contract award processes.

Option C is correct because procurement requirements depend on local legal systems, the nature of the Employer, and applicable governance.

Option A is incorrect as FIDIC contracts provide contractual frameworks but do not override local legal obligations.

Option B is incorrect because many Employers have procurement policies.

Option D is incorrect since private entities may also be subject to procurement laws or internal policies.
