Salesforce Salesforce-Slack-Administrator Exam Syllabus Topics:

Topic	Details
Topic 1	• Security: This domain targets Salesforce Security specialists in identifying Slack product security features that meet organizational needs. Candidates will describe how Slack addresses security governance, risk management, and compliance while recommending features that protect sensitive data.
Topic 2	• Fundamentals: This section of the exam measures the skills of Salesforce Administrators and covers the key privileges and responsibilities associated with each Slack user role. Candidates will identify unique features of Slack's paid plans and understand the common responsibilities shared by Admins and Owners. Additionally, this section emphasizes the importance of workspace and organization-level settings and dashboards, focusing on how they contribute to effective Slack management.
Topic 3	• Enabling Slack Success: This section focuses on the skills of Admins to develop a vision for Slack within their organization. Candidates will use analytics dashboards to track usage and make recommendations based on data insights, such as channel archival or promoting best practices.
Topic 4	• App Administration: This section evaluates the skills of Slack Administrators in managing applications within Slack. Candidates will summarize the value of interoperability for both decision-makers and end-users while learning to use Workflow Builder for automating tasks.
Topic 5	• Channel and User Group Administration: This section measures the skills of Salesforce Administrators in setting up and managing Slack channels. Candidates will learn when to use channels versus direct messages or group DMs, as well as when to opt for public or private channels.

We have 24 hours service stuff, and if you any questions about Salesforce-Slack-Administrator training materials, just contact us.

Salesforce Certified Slack Administrator Sample Questions (Q137-Q142):

NEW QUESTION # 137
You're an Org Owner at a company that doesn't allow members to manage any Slack Connect permissions. A member reaches out with a concern: they sent a Slack Connect channel invitation to the wrong external company. The invitation was approved automatically.
What should you tell the requestor? (Select the best answer.)

- A. Channel history will not be visible when the external organization accepts the invitation. You can also offer to revoke the channel invitation if it has not been accepted yet.
- B. The requestor can choose how much channel history will be visible when the external organization accepts the invitation. You can also offer to show them how to revoke the channel invitation if it has not been accepted yet.
- C. All channel history will be visible when the external organization accepts the invitation. You can also offer to show them how to revoke the channel invitation if it has not been accepted yet.
- D. All channel history will be visible when the external organization accepts the invitation. You can also offer to revoke the channel invitation if it has not been accepted yet.

Answer: C

Explanation:
Slack Connect rules state:
"Once an external organization joins a Slack Connect channel, they can see all existing channel history unless otherwise configured. Before they accept, Org Owners can revoke the pending invitation to prevent access." Thus, channel history will be visible, and the requestor should be shown how to revoke the invite.

NEW QUESTION # 138
You're an Org Admin for an organization with sales associates traveling globally.
You need to ensure Slack mobile access remains secure even if a device is lost or stolen.
What is the best option to increase the likelihood of keeping information on mobile devices secure?
(Select the best answer.)

- A. Require users to sign out of Slack on their mobile device when it's not in use.
- B. Require mobile devices to have a passcode.
- C. Turn on Mobile Session Duration to invoke an automatic logout from the Slack mobile app after a specified time frame.
- D. Do not allow Slack app download on corporate mobile devices.

Answer: C

Explanation:
Slack advises:
"Turning on Mobile Session Duration policies allows admins to automatically log users out of Slack mobile apps after a set period, reducing risk if a device is lost or stolen." Requiring a passcode (B) is good mobile practice but not Slack-specific. A (manual sign-out) is unreliable. D (no app downloads) would block necessary communication entirely.
(Reference: Slack Administration Study Guide - Mobile Security Features)

NEW QUESTION # 139

The marketing team at ACME Ltd has 10 team members, and has a public channel called #marketing- discussion. The team collaborates and shares ideas on this channel. Now, other teams have joined, so the total channel membership is 50.

The marketing director has the following needs:

There is an urgent marketing idea that must be prioritized in tomorrow morning's planning meeting.

The 10 team members are the only ones attending the planning meeting.

The 10 team members need to be notified before the meeting.

Of note, the marketing director sends urgent re-prioritization messages weekly. How should the marketing director reach the marketing team?

- A. Create an @marketing-team user group and use the @marketing-team user group in #marketing- discussion to communicate the change in priority to the team that needs to be informed for tomorrow's team meting.
- B. Post a message to #marketing-discussion, without notifying anyone.
- C. Use @here and @channel to notify the entire channel of the change.
- D. Send a separate direct message to each of the 10 team members notifying them of the change.

Answer: A

NEW QUESTION # 140

You're a Workspace Owner who recently launched Slack at your company. Google Calendar is one of the essential productivity apps used by everyone in the company. You want to ensure that your colleagues can all access their Google Calendars from Slack. What is the best way to enable the Google Calendar app for all members of your workspace?

(Select the best answer.)

- A. Pre-approve the Google Calendar integration so users have the option to easily enable their own calendar apps.
- B. Use the Admin API to automate approvals for Google Calendar app requests
- C. Direct all users to integrate their Google Calendar app by posting instructions in your #announcements channel and linking to the app's page in the Slack Apps Directory,
- D. Connect Google Calendar to your company's email domain, and enable domain-wide authentication for Google Calendar app in Slack to automatically install the app for all users.

Answer: D

NEW QUESTION # 141

At which point in the process should you claim your relevant domains for your Enterprise Grid organization?

- A. Any time. Workspaces created prior to domain claiming will be shut down automatically.
- B. Before purchasing Enterprise Grid. It is important to claim domains while still on the free plan.
- C. Never. Slack will automatically claim the domains for you when you purchase Enterprise Grid.
- D. As soon as possible. This feature is not retroactive, so workspaces created prior to claiming the domain will continue to exist as standalone workspaces.

Answer: D
