PRINCE2 7 Foundation written Exam Sample Questions (Q53-Q58):

NEW QUESTION # 53

Which is a recommended quality review team role?

- A. Producer
- B. Project Manager
- **C. Chair**
- D. Assurance

Answer: C

NEW QUESTION # 54

in the 'starting up a project' process, what is the PRINCE2 name for a 'request for proposal' received by an external supplier?

- A. Project approach
- B. Work package
- C. Project brief
- **D. Project mandate**

Answer: D

Explanation:

In the PRINCE2 methodology, the 'project mandate' is the term used for initial documentation that triggers the start of a project, typically provided by corporate or program management. It can often come in the form of a request for proposal received by an external supplier, setting out the initial definition of the project and what it aims to achieve, which then leads to more detailed project definitions in the 'starting up a project' process.

- A. Project Brief
- **B. Project Initiation Documentation**
- C. Configuration Management Strategy
- D. Benefits Review Plan

Answer: B

NEW QUESTION # 56

Where are the user's quality expectations documented?

- **A. In the project product description**
- B. In the quality management approach
- C. In the product descriptions
- D. In the stage plan

Answer: A

NEW QUESTION # 57

Which statement describes the 'Implement' step within the recommended risk management procedure?

- A. Identify the level of risks that can be tolerated by the project
- B. Implement the responsibilities for risks defined in the Risk Management Strategy
- C. Assess the proximity of a risk
- **D. Take planned action to respond to a risk**

Answer: D

The 'Implement' step within the recommended risk management procedure in PRINCE2 involves taking planned actions to respond to a risk. This step is crucial as it moves the risk response from the planning stage into actual execution, thus addressing the risk directly to mitigate its impact on the project.
