Please believe that our company is very professional in the research field of the PRINCE2Practitioner training questions, which can be illustrated by the high passing rate of the examination. Despite being excellent in other areas, we have always believed that quality and efficiency should be the first of our PRINCE2Practitioner Real Exam. For our PRINCE2Practitioner study materials, the high passing rate as 98% to 100% is the best test for quality and efficiency.

PRINCE2 Practitioner certification exam consists of 68 multiple-choice questions that must be completed within two and a half hours. PRINCE2Practitioner exam is designed to test the candidate's ability to apply the PRINCE2 methodology to different project scenarios and assess their ability to tailor the methodology to meet project-specific needs. PRINCE2Practitioner exam covers topics such as project planning, risk management, change management, and project governance. Upon passing the exam, candidates will be awarded the PRINCE2 Practitioner certification, which is valid for three years.

PRINCE2 Practitioner exam is designed for individuals who have already completed the PRINCE2 Foundation certification and want to take their knowledge to the next level. PRINCE2Practitioner Exam Tests your ability to apply the PRINCE2 methodology to real-life project scenarios, and successful completion of the exam demonstrates that you have the skills and knowledge to manage complex projects using PRINCE2. PRINCE2Practitioner exam is recognized globally as a benchmark for project management excellence and is highly valued by employers across a range of industries.

Of course, we really hope that you can make some good suggestions after using our PRINCE2Practitioner study materials. We hope to grow with you and help you get more success in your life.

PRINCE2 Practitioner Exam Sample Questions (Q179-Q184):

NEW QUESTION # 179

The Training Delivery Manager was identified as the senior user. However, before the project begins, this manager goes on long-term sick leave. The executive says that they do not need to replace the role of senior user on the project board. Is this an appropriate application of the 'defined roles and responsibilities' principle, and why?

- A. No, because the resources and expertise required by the project may be internal or external.
- B. No, because trainers need to be represented on the project board to ensure the outcomes meet the trainers' needs.

- C. Yes, because having two out of three of the stakeholder interests represented on the project board is enough.
- D. Yes, because the executive can ensure that the investment provides value for money.

Answer: C

Additional Information

Further information on some resources who could be involved in the project:

Outcome Account Manager: He represents Outcome which is a recruitment agency that provides specialist outsourcing resources. Outcome provided the consultants who carried out the feasibility study and the same consultants will be providing support and guidance to the Information Technology and Facilities teams during the project.

Director of Finance Division: She was transferred from the Information Technology Division 12 months ago. She is responsible for ensuring a cost-conscious approach is adopted in all operational and project activities across the Ministry of Food Hygiene.

Hardware Manager: Reports to the Director of Information Technology. He provides computer hardware to all business functions but has little awareness of the needs of his colleagues working in software.

Payroll Manager: Reports to the Director of Finance. He is a very experienced and efficient qualified accountant who has much of the responsibility of running the Finance Division on behalf of the Director of Finance. He has been involved in drafting the Ministry's business strategy and assisting in a full business risk assessment. He also drafted the corporate Business Case standards.

Using the Project Scenario and the additional information provided for this question in the Scenario Booklet, answer the following question about roles on the Outsourcing project.

	Assertion		Reason	
1	The Outcome Account Manager should be appointed as a Senior Supplier for the project.	True-False	Senior Suppliers are responsible for the provision of supplier resources.	True-False
2	The Director of Finance would be an appropriate choice for the role of a Senior Supplier.	True-False	The Senior Supplier must demonstrate that the forecast benefits are realized.	True-False
3	After being selected in stage 3, a representative from the selected service provider should join the Project Board as a Senior Supplier in stage 4.	True-False	The Senior Supplier is responsible for assessing the viability of the project approach.	True-False
4	A specialist outsourcing consultant from Outcome would be an appropriate choice to provide supplier assurance during stage 2.	True-False	Supplier assurance ensures that supplier standards are met and used effectively.	True-False
5	The Hardware Manager would be an appropriate choice for the role of Senior Supplier.	True-False	The Senior Supplier is accountable for the quality of the products delivered by the supplier(s).	True-False
6	The Payroll Manager is an appropriate choice to provide business assurance.	True-False	Business assurance should be undertaken by someone with an accountancy qualification.	True-False

Additional Information

Chief Executive Officer (CEO): He started the company 25 years ago and knows his job very well. He injured his leg two years ago which has restricted his visits to the engineering area. As CEO he has an overall perspective of the business strategic requirements and the authority to commit resources as required.

Marketing Director: She has been with the company for three years, following a successful career with a publicity company. She has the ability to represent the needs of the business, particularly as this is a marketing project. She has the authority to commit the

annual business marketing budget, from which the project will be funded, as she sees appropriate. She will be responsible for monitoring the expected benefits of the calendar, in particular the improvement of the company's image.

Engineering Manager: He has been responsible for many engineering innovations in the company and is still as keen and energetic as the day he started. Whilst he will not be part of the project team, his staff will feature in the photos for the promotional calendar.

Central Records: This group of five staff looks after all company records and document control. They now maintain all project files.

Bright Lights: This is the local office supplies company. It supplies all the stationery and office equipment needs of the company and will supply the stationery for this project.

Portraits Ltd: This is a professional photographic company with a number of excellent photographers and a history of successful work. This company has been selected to take the photos for the company calendar. It has yet to be decided which of the photographers to use.

Using the additional information provided for this question in the Scenario Booklet, answer the following question.

Lines 1 to 5 in the table below consist of an assertion statement and a reason statement. For each line identify the appropriate option, from options A to E, that applies. Each option can be used once, more than once or not at all.

	Assertion	True/False	Reason	
A	The Executive role should be shared by the CEO and the Marketing Director.	True / False	The Executive is responsible for securing the funding for the project.	True / False
B	The Senior User role should be shared by the Marketing Director and the Engineering Manager.	True / False	Those who provide specialist resources to the project development teams should perform a Senior User role.	True / False
C	Although Bright Lights and Portraits Ltd are suppliers, they CANNOT both perform a Senior Supplier role on this project.	True / False	When the Senior Supplier role is shared between two suppliers, one of the suppliers must be internal to the business.	True / False
D	A single member of Central Records should NOT perform both a Project Support and a Project Assurance role on this project.	True / False	It is necessary to keep Project Support and Project Assurance responsibilities separate.	True / False
E	The Engineering Manager should be included in the Communication Management Strategy.	True / False	The Communication Management Strategy describes the communication tools to be used.	True / False

Answer:
