### OCEG GRC Professional Certification Exam Sample Questions (Q94-Q99):

#### NEW QUESTION # 94

Why is it essential to make the mission, vision, and values explicit within an organization?

- A. It is important for gaining and maintaining buy-in from all stakeholders.
- B. It is necessary to comply with industry regulations and standards.
- **C. It helps the workforce understand and make decisions at all levels, preventing the organization from operating on ad hoc beliefs and interests.**
- D. It is crucial for developing the organization's training and development programs aligned with the mission, vision, and values.

**Answer: C**

Explanation:

Making the mission, vision, and values explicit ensures clarity and consistency across the organization, guiding decision-making and avoiding ad hoc or misaligned behaviors.

Why Explicit Statements are Essential:

Clarity for Decision-Making: Provides a consistent framework for all levels of the workforce.

Alignment: Ensures that organizational actions reflect shared priorities and principles.

Avoids Ad Hoc Behavior: Prevents decisions driven by personal biases or unaligned interests.

Why Other Options Are Incorrect:

A: Stakeholder buy-in is important but is not the primary reason for explicit statements.

B: While regulations may require formal statements, this is not their core purpose.

C: Training programs are a derivative benefit, not the primary reason.

Reference:

OCEG GRC Capability Model: Stresses the importance of clear articulation of mission, vision, and values.

Corporate Governance Frameworks: Highlight their role in aligning workforce actions and decisions.

#### NEW QUESTION # 95

In the IACM, what is the role of Assurance Actions & Controls?

- A. To analyze financial statements and prepare budgets
- **B. To assist assurance personnel in providing assurance services**
- C. To assess new products and services for the market
- D. To create a positive organizational culture and work environment

**Answer: B**

Explanation:

Assurance Actions & Controls in the IACM are designed to validate and confirm that the organization's objectives are being achieved and that processes, controls, and systems are functioning effectively.

Key Points About Assurance Actions & Controls:

\* Purpose:

\* Assurance provides independent and objective evaluations of processes, controls, and outcomes to ensure reliability and accountability.

\* Examples include internal audits, compliance assessments, and external certifications.

\* Support for Assurance Personnel:

\* These controls assist assurance professionals, such as auditors or compliance officers, in delivering credible and effective assurance services.

Why Option A is Correct:

The role of Assurance Actions & Controls is to assist assurance personnel in delivering assurance services by providing reliable data, processes, and evaluations.

Why the Other Options Are Incorrect:

\* B: Assessing new products is a business development function, not an assurance activity.

\* C: Financial statement analysis falls under financial management, not assurance controls.

\* D: Creating a positive culture is a leadership activity, not an assurance function.

References and Resources:

\* COSO Internal Control - Integrated Framework- Discusses assurance activities.

\* IIA Standards- Provide guidance on assurance roles in internal auditing.

### NEW QUESTION # 96

Which aspect of culture includes workforce satisfaction, loyalty, turnover rates, skill development, and engagement?

- A. Compliance and ethics culture
- B. Governance culture
- C. Performance culture
- D. Workforce culture

**Answer: D**

Explanation:

Workforce culture focuses on the attitudes, satisfaction levels, and overall engagement of employees, which directly impact turnover, loyalty, and skill development.

Key Elements of Workforce Culture:

Satisfaction and Loyalty: High levels of satisfaction lead to better retention and loyalty.

Turnover Rates: An engaged workforce typically exhibits lower turnover.

Skill Development: A strong workforce culture fosters continuous learning and growth.

Engagement: A critical driver of productivity and organizational success.

Why Other Options Are Incorrect:

A: Compliance and ethics culture focuses on adherence to legal, regulatory, and ethical standards.

B: Performance culture is centered on achieving organizational objectives and goals.

D: Governance culture pertains to oversight and decision-making structures.

Reference:

Employee Engagement Studies: Discuss workforce culture's impact on satisfaction and retention.

OCEG GRC Capability Model: Highlights the importance of workforce culture in achieving objectives.

### NEW QUESTION # 97

What are some examples of environmental factors that may influence an organization's external context?

- A. Organizational procurement, vendor selection, and contract negotiation for hazardous waste disposal
- B. Climate and natural resources
- C. Organizational performance metrics, goal setting, and progress tracking regarding climate-related projects
- D. Organizational response to new carbon emission regulations

**Answer: B**

Explanation:

Environmental factors in an organization's external context include elements of the natural environment that affect its operations and

strategies.

Examples of Environmental Factors:

Climate: Weather patterns, global warming, and natural disasters impact resource availability and operational continuity.

Natural Resources: Availability of raw materials and environmental conditions influence sourcing and production.

Relation to External Context:

These factors exist outside the organization and require adaptation in strategies and risk management.

Why Other Options Are Incorrect:

B: Procurement and vendor selection are internal processes.

C: Performance metrics are internal measures.

D: Responding to regulations involves compliance strategies, which are organizational actions, not external environmental factors.

Reference:

ISO 31000 (Risk Management): Highlights environmental factors in risk assessments.

COSO ERM Framework: Considers external environment as part of strategic risk context.

### NEW QUESTION # 98

What are the two key factors that determine the level of assurance provided by an assurance provider?

- A. Assurance Consistency and Assurance Reliability
- **B. Assurance Objectivity and Assurance Competence**
- C. Assurance Efficiency and Assurance Effectiveness
- D. Assurance Transparency and Assurance Accountability

**Answer: B**
