Pdf CTS Free, CTS Exam Tutorials

If you are very busy, you can only take two or three hours a day to study our CTS study engine. Then I tell you this is enough! After ten days you can go to the exam. With such an efficient product, you really can't find the second one! In any case, many people have passed the exam after using CTS Training Materials. This is a fact that you must see. As long as you are still a sensible person, you will definitely choose CTS practice quiz. Don't hesitate! Time does not wait!

AVIXA Certified Technology Specialist Sample Questions (Q56-Q61):

NEW QUESTION # 56

The MOST important information to come away with from an initial site survey is the

- A. manufacturers which will be used in the AV system.
- B. final budget for the entire project.
- C. key decision maker.

- D. overall scope AV solution needed.

Answer: D

Explanation:

During an initial site survey, understanding the overall scope of the AV solution provides the foundational insight needed for designing a system that meets client requirements. This ensures alignment with objectives and informs subsequent phases of the project. CTS Technology Specialist ReferenceThe CTS curriculum advises focusing on the AV solution scope to guide design and implementation processes effectively, ensuring client needs are addressed.

NEW QUESTION # 57

What does a compressor control in an audio system?

- A. directivity
- B. frequency
- C. dynamic range
- D. phase

Answer: C

Explanation:

In an audio system, a compressor controls the dynamic range by reducing the difference between the loudest and quietest parts of the audio signal. Compressors are used to maintain a consistent volume level, which is useful for both live and recorded audio environments.

CTS Technology Specialist ReferenceCTS curriculum covers audio processing tools like compressors, which are essential for managing dynamic range and ensuring consistent audio output.

NEW QUESTION # 58

According to AVIXA Standards, what is the MINIMUM load rating for truss that will hold a 5000 lbs (2268 kg) LED wall?

- A. 15000 lbs (6804 kg)
- B. 25000 lbs (11340 kg)
- C. 30000 lbs (13608 kg)
- D. 50000 lbs (22678 kg)

Answer: B

Explanation:

According to AVIXA standards, the minimum load rating for a truss that will hold a 5000 lbs (2268 kg) LED wall is typically calculated with a safety factor to ensure stability and safety. The safety factor generally used in rigging and truss systems is 5:1. This means the truss should be rated to hold five times the weight of the load it needs to support.

Given this safety factor:

$5000 \text{ lbs} \times 5 = 25000 \text{ lbs}$ Therefore, the minimum load rating required for the truss to safely support a 5000 lbs (2268 kg) LED wall is 25000 lbs (11340 kg).

NEW QUESTION # 59

Ambient noise PRIMARILY affects desired sound by

- A. canceling it out.
- B. interfering with it.
- C. complementing it.
- D. enhancing it.

Answer: B

Explanation:

Comprehensive Detailed Explanation with all Technology Specialist References:

Ambient noise is any unwanted background sound that can interfere with the clarity and intelligibility of the desired audio signal. In an AV setting, ambient noise can reduce speech intelligibility, making it harder for the audience to understand the speaker or experience the audio as intended.

Option B, "canceling it out," would refer to techniques like active noise cancellation, which isn't the primary effect of ambient noise on sound but rather a solution to it. Options A and D, "enhancing" and

"complementing," are not applicable because ambient noise typically detracts from audio quality rather than adding to it.

CTS References: AVIXA CTS Exam Guide, Chapter on Audio Basics and Acoustics; CTS Handbook, Section on Acoustic Principles and Noise Management in AV Systems.

NEW QUESTION # 60

On sites such as hospitals or prisons, which of the following will have the MOST impact on labor costs for the project?

- A. height of the ceilings
- B. the number of installers
- C. work restrictions
- D. the type of system calculations

Answer: C

Explanation:

On sites such as hospitals or prisons, work restrictions will have the most impact on labor costs for the project.

These restrictions may include limited working hours, special security protocols, or the need for supervision, all of which can significantly increase labor costs and project timelines. Axis Technology Specialist documentation underscores the importance of understanding site-specific restrictions to accurately estimate labor costs and project feasibility.

NEW QUESTION # 61

.....

This is a AVIXA CTS practice exam software for Windows computers. This CTS practice test will be similar to the actual Certified Technology Specialist (CTS) exam. If user wish to test the AVIXA CTS study material before joining ExamsTorrent, they may do so with a free sample trial. This CTS Exam simulation software can be readily installed on Windows-based computers and laptops. Since it is desktop-based AVIXA CTS practice exam software, it is not necessary to connect to the internet to use it.
