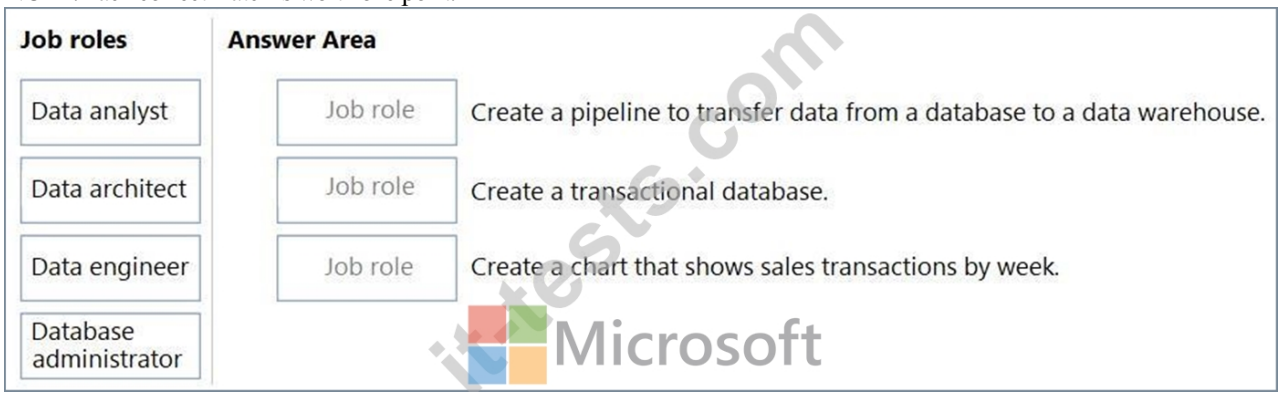
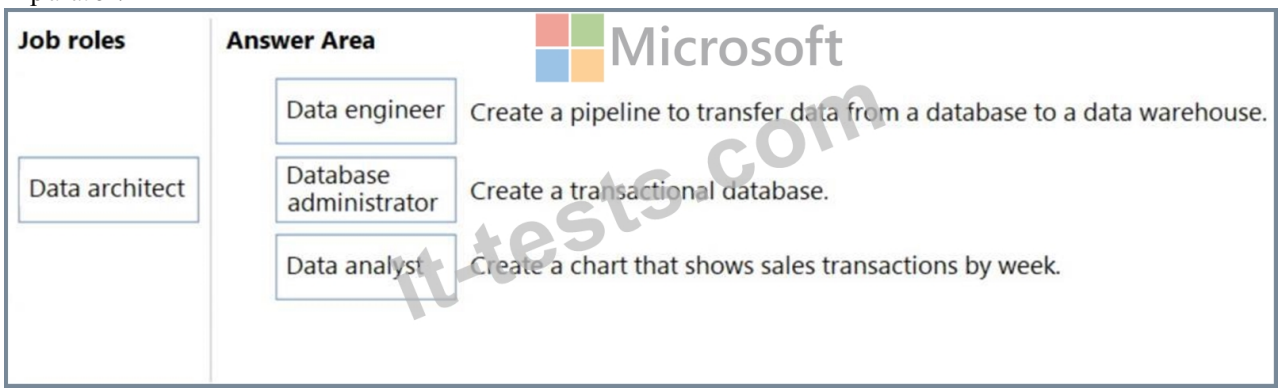
NEW QUESTION # 245
Drag and Drop Question
Match the job roles to the appropriate tasks.
To answer, drag the appropriate job role from the column on the left to its task on the right. Each role may be used once, more than once, or not at all.
NOTE: Each correct match is worth one point.



Answer:

Explanation:



Explanation:
The job roles define differentiated tasks and responsibilities. In some organizations, the same person might perform multiple roles; so in their role as database administrator they might provision a transactional database, and then in their role as a data engineer they might create a pipeline to transfer data from the database to a data warehouse for analysis.
