**Answer: C,D**

### **NEW QUESTION # 46**

A non-profit organization launched a program to reduce its dependence on regularly decreasing government funding sources. This program's goal was to raise 50 percent of its operating expenses by selling its services to the for-profit sector. After three years, the goal was reached, deemed complete, and transitioned to operations. Eighteen months later, the organization discovers that its dependence on government funds has now increased to 80 percent, even though its operating budget has largely stayed the same. What should the program manager have done to avoid the issue of program benefits being unrealized after more than a year of implementation?

- A. Had the operations manager follow the benefits management plan
- B. Completed the program a year earlier
- C. Worked with the operations department after the program was transitioned
- D. Developed program transition and benefits sustainment plans as part of the transition to operations

**Answer: D**

### **NEW QUESTION # 47**

As a project manager, what should the FINAL task be at the end of each project?

- A. A sign off meeting with the owner
- B. Delivery of the final documentation
- C. A costing and billing review
- D. A lessons learned meeting

**Answer: D**
