NEW QUESTION # 38

Where do you activate SAP Best Practices from Cloud ALM to be used during the fit-to-standard workshops for SAP S/4HANA Cloud Public Edition?

- A. Starter System
- B. Production System
- C. Development System
- D. Quality System

Answer: A

Explanation:
In the context of SAP S/4HANA Cloud Public Edition, SAP Best Practices are activated from the Starter System during the fit-to-standard workshops. The Starter System in SAP S/4HANA serves as a preliminary, fully configured system that allows project teams to explore and understand SAP functionalities, configure business processes, and make necessary adjustments before these are moved to the production environment. It is crucial during the initial stages of implementation to help in aligning the standard SAP solutions with the organization's business processes. The activation of these practices in the Starter System ensures that the project team can test and validate processes without affecting the live business operations that occur in the production system, or ongoing development in the development system.References:
